Christmas Advice: Get the most

Health Unit Notes

CONSENT CARDS
When you first brought your child to one of our Clinics, you signed a "consent" card on his behalf. This card authorized physical examination and the usual vaccination, tests and booster doses. Because of this, the giving of polio-vaccine vaccine by mouth is delayed.

This oral vaccine is safe and effective and I would urge you to allow your child to take it. If you have any doubts, please consult the Health Unit Office, where one of us will try to clear up your doubts. If, however, you decide your child should not have this vaccine (which will reduce his immunity to about 50 per cent), please let us know by letter as soon as possible. The numbers of schools and children involved, and the fact that we will be using numbers of telephone calls makes a telephone consultation impractical.

WELL-BABY CLINICS

Holidays Enjoyed At Pioneer Lodge

Pioneer lodge welcomed Mrs. Smith of Pioneer Valley as new guest. Several guests at the lodge. The lodge and also the official opening of the new auxiliary hospital.

The resident and guests were very grateful to the following organizations who put on entertainment for their dinner during the two weeks preceding Christmas: the Quince Club, Salvation Army, members of the C.G.L.T. who put on a lovely Christmas service and members of the I.O.O.F. The latter entertained with songs and card singing.

On December 28th Dr. John Thomson and Pauline Topp groups of the C.C. Women entertained guests with singing and a presentation with guest talking part. A delicious lunch was served afterwards.

CHRISTMAS PARTY
On December 28th the guests had a very enjoyable party, the members of the C.C. Women and guests of the party. The presentation of gifts and the presentation of gifts to the guests. The staff also presented a very real Santa Claus along with a very real Santa Claus who distributed gifts and treats to the guests. Electric Clothes Drying

CLEAN! Electric clothes drying is clean as electric light! It gives you easy "just right" results in any weather—rainy weather, winter weather or dusty weather!

"JUST RIGHT" for white clothes. Electric drying leaves them sparkling white, and fresh as all outdoors.

"JUST RIGHT" for colored clothes. Electric drying leaves them bright, and never lets them fade in harsh sun and wind.

Try electric clothes drying—it's the modern, automatic way to end those washday, washday worries!

Chamber Commerce Elects John Webb

Work of Past Year Reviewed by Retiring President Aldous Kent

John Webb was elected president of the Vermilion Chamber of Commerce on Wednesday at the annual meeting of that body held following a dinner at the Rio Cafe. Underdown fills the office of vice-president, and new directors elected for two year terms are Ed H. Redner, manager of the Brunswick Hotel, John Johnson, manager of the Commodore Hotel, Rev. Bernard Hart, Rector of the Anglican Church, Charles Uphall, manager of Macdonald Ltd., and Edward Herbert, postmaster.

The meeting was conducted by the retiring president, Aldous Kent, who gave a very comprehensive review of the activities of the Chamber for the past year. The Chamber is represented in its various branches in the town and district by a committee of representatives, which is assisted by the executive at an early meeting.

Directors continuing for one year are James Chapman, Walter Rosewater, Victor Downham, Frank Donald and Rudy Hansen. Following the review the retiring president and vice-president, Aldous Kent and John Johnson, were presented with a certificate of appreciation by the executive at an early meeting.

Vote Defeats Govt.

Prime Minister Moves Overseas

Defeated in two well-attended confidence motions in the House of Commons on Tuesday evening, by votes of 142 to 111, Prime Minister John Diefenbaker will meet the Governor-General this Wednesday morning and ask for dissolution of parliament. An election must follow within sixty days, and Monday, April 8th has been suggested as the most likely date.

This is only the second time in Canada that a government has been defeated on a vote of confidence motion. The previous occasion was in 1926 when the government of Sir Arthur Meighen was overthrown.

Alliance Chapels Hold Joint Annual Meetings

The annual meetings of the Alliance Chapel, Vermilion, and the Alliance Chapel, Edmonton, were held jointly in the Vermilion Chapel, Wednesday, Jan. 30th. The business session was presided over by a local supporter, arranged by the Deacons Board and held in the basement of the church.

The pastor, J. H. Bell, was the guest of honor, presiding over the service. The service was held in the morning at 10 o'clock, and the afternoon service at 2 o'clock.

Reports were given by all of the churches, and the service was held in the morning at 10 o'clock, and the afternoon service at 2 o'clock.

Canadian Utilities Offers Electrical Rate Reductions In Vermilion District

Electric light and power customers in 68 of the smaller communities served by Canadian Utilities Limited in the Vermilion district will be offered a new residential rate which is more in line with rates in the district's larger communities. It has been announced by the Company's president, J. C. Dale.

Officials of Canadian Utilities Ltd. said that over 85 per cent of the residential rate payers in the Vermilion district are in communities with fewer than 100 homes. The new rate will be a flat rate of 10 cents per kilowatt-hour, which is the same as the rate in the larger communities.

C of C Offers Support V.S.A. Anniv'y Plans

The Vermilion Chamber of Commerce has agreed to support the anniversary celebration to be held by the Vermilion School of Agriculture on July 6th, 8th and 10th. The Chamber will be in just what manner their services can be given.

The decision was made following a talk by Angus MacMillan explaining the project and outlining the plans for the celebration by the Alumni and present staff members of the School of Agriculture. Members of the V.S.A. Alumni all over the province and from outside the province are co-operating in a most generous manner to make the celebration an overwhelming success.

University Team Wins 18 Entry Hockey Tourney

Farmers' Spout Brawl 35 Rinks

A team of budding teachers from the University of Alberta won the annual Tunes and Country hockey tournament sponsored by the Tigers Hockey Club. The mammoth hockey fixture attracted twenty entries, two-day affair. 18 teams played the 37 games necessary to complete the tourney. The teams which didn't show included: Arden, winners for the two previous years, and, Pica Lake.

COUNTRY TAKE SECOND

Leading out to the University of Alberta boys in the final game were the Vermilion Gladiators who won a real battle ultimately in a 3-2 victory. The game was a fitting climax to the tourney, which was held in the city of Vermilion. The game was a fitting climax to the tourney, which was held in the city of Vermilion. Interesting Era in Vermilion School Of Agriculture

The Honourable George Healey was Minister of Agriculture in the U.F.A. Government 1934 had been the School of Agriculture under his Department. V.S.A. had been organized in 1933 on an economy move, all students being accommodated at C.S.A.

Mr. Healey's contact with the British Authorities the summer of 1934 led to the trial after that British boys could study in similar Alberta's schools of Agriculture where instruction would be given first at a nominal board and room charge. V.S.A. got the last group.

The boys arrived in mid-October and were housed on the Vermilion campus. The dormitories were built in 1933. The Agriculture classroom was purchased into a dining hall. The first three classes were the first three classes for the year. The first three classes were the first three classes for the year. HOW MANY ARE BANK CUSTOMERS?
A bank goes to bed every one of them! That's because, in Canada, practically everybody has regular dealings with a chartered bank. Depend on it, you'll find more than 999 out of 1,000 Canadians who use the services of a bank.

THE CHARTERED BANKS SERVED YOUR COMMUNITY
The banks are the backbone of the business of any town or city. They are the lifeblood of the community. They are the lifeblood of the community. They are the lifeblood of the community.

THESE CLINICS ARE FOR SECOND FEEDINGS ONLY

Regular Well-Baby Clinics will be resumed as soon as this programme is complete, but as in our custom, we are never so anxious that we can't see your baby if you are worried or uneasy about his health.

The Clinics will not be extended past 11 April, 1968. If you have your stub, you can get your dose at any of these Clinics after the date stamped on the stub; otherwise, you will have to go to the Clinic where you received your first feeding. Your children of school age will be given their second feeding at the regular school visits.

Good Seed Month
Agricultural Minister H. E. Brown has declared March as seed month for the province of Alberta. He advised farmers to use the best quality seed available for their 1968 crops, which were used dealers and all others concerned with handling seed to support and emphasize the importance of good seed.

Remember, the importance of clean seed too. There are over 60 seed cleaning plants in Alberta and they can be cleaned to a high standard for an average of about one bushel.

APRIL EIGHTH
THE MILLION CANADIANS — more than ever before — are eligible to take part in the election of the nation's 28th Parliament on April 8th, but on past form only about three-quarters of them are likely to do so.

Indeed, here appears to be some danger that the total vote will be even less than that. In the past, the large numbers of electors were variously reported to be "sick", "away", "impaired", or "indifferent" at the polls on the day of the election. In the case of the 1964 election, the large number of electors were variously reported to be "sick", "away", "impaired", or "indifferent" at the polls on the day of the election.

It is to be hoped that such fears prove groundless. A voter election campaign in a country with a climate as variable as this one, for the purpose of the election, is to be hoped that such fears prove groundless. THE MATHEMATICS OF FARMING
Good Weather + Good Farming + Good Seed = A Good Crop
The weather is something beyond the control of the farmer — but the farming practices and the type and condition of seed used are a different story.

Kinsmen Contribute

To South African University

A donation of \$25 has been approved by the Kinsmen Club of Vermilion for the purpose of assisting in the establishment of a Chair of South African History at the University of Stellenbosch, South Africa. The gift by the local Kinsmen is just one of the 425 such donations by Kinsmen clubs in all ten Canadian provinces.

In reporting the donation, Bill Powell, president of the club, said that the Chair of South African History project was approved unanimously by delegates held in Regina. A total of more than 100 delegates from Kinsmen clubs and their friends met to discuss the project and to receive reports on the progress of the project.

MUCH FLYING ACTIVITY IS PLANNED FOR VERMILION

Great plans are being made and are already under way for the Vermilion Flying Club.

The first of these plans will be held in the morning at 10 a.m. when a class of at least ten prospective pilots will begin their training.

At June 10th, the Flying Association, with the backing of the Vermilion Chamber of Commerce, will sponsor the Flying in at about 10 a.m. at a breakfast club with a follow-up of a spectacular air show including aerobatics and floor bombing, para-jumping under Dr. Colin Rose of the Edmonton Police Club, and the presentation of a trophy.

The flying school is being held for the benefit of the Flying in at about 10 a.m. at a breakfast club with a follow-up of a spectacular air show including aerobatics and floor bombing, para-jumping under Dr. Colin Rose of the Edmonton Police Club, and the presentation of a trophy.

Canada is GOING AHEAD

We have had the fastest rate of growth in 1962 of any country in the Free World.

We have the highest national production, the greatest trade expansion, the largest labour income, the most farm income in the history of our country.

During the month of February, 1963, there were 26,000 fewer unemployed than during February, 1962. AND there were 111,000 more people working in this same period.

Canada had the lowest cost of living rise in 1962 of any country in the Free World.

For two consecutive years, Canada enjoyed a trade surplus, the first time in many years that the exports were larger than imports.

By casting your ballot for Cliff Smallwood, your Progressive Conservative candidate for this constituency, you will be voting for a recognized voice in Ottawa. As a farmer, Cliff will strive to improve the aggressive agricultural policy for Canada.

Keep Canada GOING AHEAD...

Careful Construction Keynote of Work

As all the various phases of the construction of the St. Jerome's Roman Catholic Separate School of which Father Roghbelini is the architect, the work was the general contractors.

The very pleasing interior finishing was done by Walter Mayowski, the masonry work by the masonry crew, and the steel framing by the steel erectors and in general. All the work was carried out in a masterly style.

And the planning and planning of the building, while the construction was in progress, was in charge of the architect, Father Roghbelini.

Masonry work and brick laying was done by Father Roghbelini, who is the architect of the building. The construction is of steel and masonry with insulated battens and a built-up roof.

The building is the result of the construction of the building, while the construction was in progress, was in charge of the architect, Father Roghbelini.

Teentown Trottings

On May 11th the members of "Teen Town" held a meeting at the Blue Ink, discussion went on for hours.

IN MEMORIAM

In loving memory of **RALPH BISHBARD** who passed away May 10, 1981. The riding stream of life rolls on and still the waves crash against the shore, the waves, the waves, the waves. Of the one who says "we'll meet there." Ever remembered by his loving wife and family.

It was decided that a special event would be sponsored on Saturday, May 15th. The event would be held at the Blue Ink, 1100 10th Avenue, NW, from 10:00 a.m. to 2:00 p.m. The event was a "Teentown Trotting" where the members of the club would be able to see the horses and the riders. The event was a success and the members of the club were able to see the horses and the riders. The event was a success and the members of the club were able to see the horses and the riders.

It's a Shame

One of the prettiest of the myrtle cane lilies is that known as the "Queen of the Desert". Unfortunately it is the only one which suffers from constant vandalism. The reason for this is because the lily is so beautiful that it is not only one of the most beautiful but also one of the most valuable. It is so beautiful that it is not only one of the most beautiful but also one of the most valuable. It is so beautiful that it is not only one of the most beautiful but also one of the most valuable.

Be Sure To Cast Your Vote

On June 17th

Be sure to cast your vote on Monday, June 17th. Polls are open from 9:00 a.m. to 6:00 p.m. in order to make it as convenient as possible for every person to make his or her polling place at a time to suit their convenience.

With no apparent visual signs at stake there just might be a landslide, to let the opportunity to cast your ballot slip this once. The word "apparent" is used advisedly because every election is haphazard. If there are no large, or vital issues, it means that legislation of the regime in power has been and is adequate and as such it should be returned to power. It is the duty of every citizen to weigh the issues and to let the "Dilemma" or the thought that it couldn't happen, could come from an apathetic electorate.

Have We a Master Farm Family?

MASTER FARM FAMILY NOMINATIONS—All nominations for Alberta's 1968 Master Farm Family Award must be received by June 15th. In making this nomination the Honourable H. E. Strom, Minister of Agriculture, under the provisions of the Master Farm Family Award program, to the local district agricultural unit.

Initiated in 1959, the Master Farm Family Award program is designed to give recognition to the farming family who have made an outstanding success of farming and who have contributed materially to the community. The number of acres and the number of livestock on the farm does not have to be high, nor does the family have to be large. The award is given to the family who has made the most of their land and who have made the most of their family.

To be eligible to compete for this award a family must be Canadian citizens, the head of the family must be the owner-operator or co-owner of the farm and he must have spent at least 20 consecutive years actually running the farm. In the case of veterans, military service will be taken into account.

Nominations must be made on the forms provided for this purpose and signed by at least three neighbours. The forms can be obtained from any district agricultural unit and should be returned to his office by June 15th.

Election on Monday

Fails to Arouse

People of Alberta

EDMONTON — Voters were being fired off in all directions last week in connection with the provincial election but no one seems to know whether they were going to vote or simply an effort to vote the public.

Welfare minister, C. H. McPherson has already been asked for information by the media about the results of the election for the 62nd day.

Specimens are being made in churches, community halls and clubs every day; press releases are being dispatched by the candidates; posters are appearing in windows; and newspaper advertisements are appearing almost constantly.

It is all the result of the election campaign that has been going on since the last election campaign but this time, voters couldn't seem to see it.

PUBLIC APATHY
As for the outcome, predictions are being made by the media but a columnist wrote in a 10 to 15 to the right and left.

Almost every power from the left to the right is being used to bring the election to a close. The results of the election will be seen in the next few days.

Marking The Cross Walks

The Standard's efforts to mark the cross walks in the town of Vermilion could be distinctly marked by painting in these illustrations the material should show and where the pedestrian is safe in walking. At the present time the largest percentage of cars coming to a halt at a stop sign, according to what should be the cross walk, is a little past to brighten up the pavement and this is not much more than a little.

Agricultural Outlook

Given average weather conditions, Canada's farm income should be maintained in 1963, according to the report issued by Agricultural Outlook Canada. Although some prices may drop and the pressure of supplies there for other products are likely to be higher.

Free copies of "Agricultural Outlook Canada" published three times a year by the Canada Department of Agriculture can be obtained from the Extension Service of the Alberta Department of Agriculture in Edmonton.

Graduation Time Is Here Again

Graduation Day, one of the most important days in a young life, is being lived by thousands of young Canadians this year. Across the country, many thousands will face the momentous yet melancholy moment when they go goodbye to friends and family, and set out on their journey of discovery.

Many of their older sisters in their early twenties will be meeting the cup around through hard work in various careers in Canadian hospitals. Others in cup and gown, will accept the shepherd's crook and the white robe in the vest world where they are judged by their performance.

Graduation at any level is a happy time, but the happiness comes with it some sadness and much anticipation for the future.

They Could Have Been Saved . . . if

In the past 10 years 623 Albertans have lost their lives through drowning. This is a tragic statistic, but even more tragic is the fact that most of these lives could have been saved if the victims had known and followed even the most basic rules of water safety.

Results of numerous Red Cross studies on drowning fatalities reveal some startling and significant facts. They show that most drownings occur from unexpected falls into the water. They also show that the victims within a few feet from the shore, and even more surprising, the victims that in almost all cases no swim was made for help.

One who overheard someone at the victim had learned how to protect themselves in the water they would have been prepared at least partially when they fell in and would not have been alone to survive until help arrived. The assumption continues that they had learned to swim, but "drown-proof" or "drown-proofing" techniques they could have saved their lives and their families.

Red Cross conducted a personal survival experiment and found that a great deal of effort is required to overcome embarrassment in calling for help, even in poolside circumstances. If embarrassment is evident in such experimental situations, how much more it must exist in a life-and-death situation. Learning how to call for help is an important lesson from investigation and such training is to help understand in Red Cross safety course in basic swimming and call for help during water immersion in every body situation.

So, when in trouble in the water . . . call for help. And for a happy conclusion, the Red Cross Water Safety course is a free, fun, and informative course that will help you understand the potential dangers of water recreation.

The water is . . . it's plain good water!

MARG and CHARLIE

MARG OSBURNE

Marg's special treatment of country music, ballad, songs... in fact any song... is a highlight of the

where she was born. Singing in the church choir at the age of 16, Mary's talents soon led her to a regular job as a singer with an old-time band at radio station KCV. In 1947 L. Messer invited her to join his group and she has been with the Islanders ever since . . . on radio . . . TV and summer tours.

islanders providing the musical background. Her favorite singers are Perry Como and Jo Stafford. Her favorite dish is fried chicken.

CHARLIE CHAMBERLAIN
The good-natured singer of the Islanders adds a touch of humour to every show and the exuberance of Chaslin's

rich songs is partly due to the fact that they are his favorites. Charlie was born in Bathurst, N.B., and began playing the guitar when he was 12. His singing and playing

was much in demand by fellow hamperjacks while Charle worked in the New Brunswick woods. He spent some time in Montreal doing night club spots and was one of the original group that joined Don Messer in 1934. Charlie and wife Lydia, who also sings, have six children. The three girls have appeared in Montreal clubs as a singing trio and a quartet. Donald has also played the Montreal circuit. Charlie plays tenor, his favorite instrument is *Winds, Cornets*. *by Joe*

ALBERTA FORUM

ANDERS O. AALBORG

The last week in June is examination time for all Grade IX and Grade XII students in Alberta. This year approximately 25,000 students will write Departmental examinations in Grade IX. Departmental examination papers are prepared by teachers who are specialists of long experience in their subjects. During July these papers are marked in Edmonton by a staff of over 400 teachers and the results are mailed to each Grade XII student before the end of July and each Grade IX student in very early August. With these results each student receives a booklet regarding assistance available from the Queen Elizabeth Education Scholarship Fund which provides over \$1,500,000 each year to scholarships, grants and loans for thousands of high school graduates who proceed to University or Technical School; and each Grade IX student also receives information regarding Senior High School courses of study and pointing out the advantage of a High School education.

To all students who are writing examinations on this year's results in school and pursue your studies next year.

Health Unit Notes

It is a pleasure to report that the health unit has been very busy in the past few weeks. We have been working on a number of projects, including the development of a new health program for the community. We have also been working on a number of other projects, including the development of a new health program for the community.

The Business Men and Citizens of the TOWN OF VERMILION

SALUTE

Vermilion School of Agriculture
the graduates, students, and the members of the staff over the years from 1913 to 1963 on the

50th Anniversary

of this fine Alberta School

As a result of the Agricultural Education received, the students of V.S.A. have made far reaching and valuable contributions to the welfare of Agriculture, to the fine farms, and farm homes, so evident in Alberta today, and to the prosperity generally enjoyed by this province.

The Vermilion School of Agriculture and the town of Vermilion have grown and developed together. The V.S.A. has been Vermilion's chief claim to fame — we cherish this connection — we honor the members of the staff, the graduates and students, and wish for them, on this fiftieth anniversary — a most glorious celebration and re-union.

We look forward with confidence to a continuation of achievements during the years ahead.

Graduates, Scholarship and Award Winners Announced By V.A.V.C.

At brilliant graduation ceremonies held as an integral part of the Golden Anniversary program of the Vermilion Agricultural and Vocational College, the names of the graduates, scholarship and award winners were announced at a banquet held on the Friday evening in the dining hall of the college.

In attendance at the function were the graduates, their parents, the staff and a long list of guests which included the Hon. Harry Strom, the Hon. Fred Colquhoun, Ashley Cooper, M.L.A. and Mrs. Cooper, Deputy Mayor Charles Hecker and Mrs. Hecker, Dr. Kenneth Prior and members of the college staff, William Barzky, principal of the school, acted as toastmaster.

Deputy Mayor Charles Hecker extended congratulations to the graduates on behalf of the town of Vermilion.

The new University of Vermilion presented a band to the graduates of the college. The band, which was led by the college band leader, played a variety of music during the ceremony.

The graduates of the college were: (List of names follows in columns)

Interesting Wedding At First United Church Here

Saturday June 8 1963 was the day chosen by Marcus Ann, only daughter of Mr. and Mrs. Hugh Hagen of Chudleigh for her marriage to Mr. William Christopher Hagen, of Dufferin's second son and Mr. and Mrs. Wm. Hagen. Bridesmaids of native parents and white carnations and ivory satin shoes adorned the bride.

Entering the church on the arm of her father to the strains of the hymn "O Perfect Love," the bride was lovely, garbed in antique fashion. The bride's hair was styled in a double row of catwalk hair, with a single row at the nape, and a deep red veil. The bride's dress was a simple white, with a deep red train.

The bride's table was centered with a white and red theme. The bride's table was made by her mother and decorated by Mrs. D. Hagen. The bride's table was decorated with white and red flowers.

June Scott - Donald Foster Exchange Vows in Ceremony at Mannville

McChesney Memorial United Church, Mannville was the setting for a very pretty wedding of June 22 when Miss June Scott, 21, daughter of Mr. and Mrs. Frank W. Scott, of Mannville, Alberta, became the bride of Donald Foster, son of Mr. and Mrs. Alfred Foster of Edmonton.

The double ring ceremony was performed by Rev. G. Whitford, before an altar decorated with flowers and greenery. The bride wore a gown of white tulle and lace, and the groom wore a tuxedo. The ceremony was followed by a reception at the home of the bride's parents.

The bride's father, Mr. Frank W. Scott, is a well-known businessman in Mannville. The groom, Donald Foster, is a student at the University of Alberta.

Alberta's Largest 4-H Show At 1963 Vermilion Fair

Raymond Wilson Shows Grand Champion With Gary Wilson. The Reserve

Thursday, July 25, was planned and arranged to be one of Alberta's largest 4-H shows. The show was held at the Vermilion Fairgrounds and was a great success. The show featured a variety of animals, including cattle, horses, and sheep. The show was a great opportunity for the 4-H members to show their animals and to learn about the different breeds.

Raymond Wilson, son of Mr. and Mrs. Don Wilson, captured the grand champion of the show with his 4-H steer. The steer was a yearling and was in excellent condition. Raymond was a 4-H member and was very proud of his achievement.

The reserve champion was shown by Gary Wilson of the Preston Club, exhibiting a Hereford calf. Gary is a 4-H member and was also very proud of his achievement. The show was a great success and was a great opportunity for the 4-H members to show their animals and to learn about the different breeds.

SIX IMPORTANT FACTS ABOUT THE ALBERTA MEDICAL PLAN

1. NO WAITING PERIODS
The Alberta Medical Plan is effective October 1, 1968. Benefits are available immediately.

2. ALL ALBERTANS ARE ELIGIBLE FOR COVERAGE
Under the Alberta Medical Plan, regardless of health, age, or occupation, all persons residing in Alberta are eligible for coverage.

3. PREMIUM ASSISTANCE MAY BE CLAIMED UNDER THE ALBERTA MEDICAL PLAN
Alberta residents whose incomes are below \$600, Alberta families with one or more children, and persons residing in certain designated areas are eligible for premium assistance.

4. THE ALBERTA MEDICAL PLAN HAS A FLEXIBLE BENEFIT STRUCTURE
The Alberta government has fixed a maximum premium for its insurance companies and under this plan, premium rates may vary with the category of your choice.

5. THE ALBERTA MEDICAL PLAN PROVIDES COVERAGE OUTSIDE ALBERTA
Alberta residents obtain medical services outside Alberta, but insurance will pay the costs of medical services received in other provinces.

6. THE ALBERTA MEDICAL PLAN BENEFITS MAY BE COMBINED
Complementary benefits of the Alberta Medical Plan may be combined with other health benefits, such as those provided by the Government of Canada.

OCTOBER
1963

NATIONAL PHARMACY WEEK
Prescription pharmacies in every part of the United
States and Canada will celebrate during the week of
October 6th. It is an annual dedication to the practice
of pharmacy.

PHARMACY IS AN ANCIENT PROFESSION
During all recorded history, people have entrusted
pharmacists, often called apothecaries or chemists, with
the compounding of their medicines. Traditionally,
served from their apothecaries and known for personal
loyalty and attention.

PHARMACY IS AN ESSENTIAL PROFESSION
Drugs now are more potent and can be depended upon
to produce a desired result. Many hazardous diseases
have been conquered, where once untreatable. Instead
of a few hazardous and harmful drugs as in the
past, we now have thousands of complete lines produced
and distributed.

PHARMACY IS A PROFESSION
After graduation from high school, a pharmacist must
earn of five years study in a college of pharmacy, plus
an internship to gain practical experience. A license
is then awarded and must be renewed annually.

WE LAKE PHARMACY
It gives us the opportunity to help people enjoy better
health. We enjoy working with patients, helping them
and other members of the health team. Please
call us for any possible questions and our friendly
personnel will appreciate the privilege of being your
pharmacy.

St. Jerome's Award Night —
An Impressive and Original Function

St. Jerome's Award Night was held on Wednesday, the 18th of September in the school auditorium. The function began punctually at 8 p.m. with the singing of "O Canada". The principal's report, which followed next, was an original but welcomed feature of the program. In his report the principal gave a brief account of the educational and extra-curricular activity programme of the school. He expressed the view that he was satisfied with the teaching in the school and the progress that had been made in the short space of one year. He, however, emphasized that the staff would aim at yet a higher standard of instruction in the classroom and a fuller programme outside the classroom.

In reviewing the aims of the school, he stated that the school was striving for an all-round education, developing as fully as possible the individuality and personality of the student, particular stress being laid on leadership and what he referred to as the Greek sense of the word.

Mr. MacMillan, in his report, stated that he was very pleased with the progress made by St. Jerome's and that he was very proud of what he referred to as the school's achievements. Mr. MacMillan was pleased to hear that the school was going to be added to the school and that next year would see the addition of yet another member to the school.

Mr. MacMillan, the school superintendent, stated that the school was well equipped and that the staff was well organized.

A Difficult Decision

Many citizens of the town are finding it difficult to reach a decision on the question of relocating the town offices and fire hall. To practically everyone this involves into a renovated town hall at \$60,000.00 versus a new building to serve the same purpose at an estimated \$90,000.00. The present town hall has been in use for 43 years.

In an attempt to let the proprietory electors study the proposals, both for and against the plan, the Standard is presenting the views of the Mayor and members of the council in an official statement; and those of former councilor and Mayor-elect Dr. A. Ben King who is advocating a new building to accommodate the town offices and fire hall. Dr. King while a member of the council made a special study of the town hall project, and thus gathered up much interesting information.

Objective: No Fires, No Losses, No Injuries, No Deaths

The Alberta Fire Commissioner is going to keep a "hot record" on fires which occur in the province during Fire Prevention Week, October 6 to 12. Starting Monday morning, October 7, the fire chiefs of every community will be reporting by telegram to the Commissioner's office any fire which has occurred during the previous 24 hours, the total loss incurred, and number of injuries or deaths if any. These figures will be tabulated, a comparison with the same day of last year shown, and the results issued in the form of a news release each day.

A "perfect loss-zero" would, of course be "no fires, no losses, no injuries or deaths," and the Fire Commissioner has expressed the fervent wish that such could be the case. He reminds the public that although there were 104 fires in Alberta during Fire Prevention Week last year, there were no injuries and no deaths, and urges everyone to try and better this record by preventing fires completely, not just for one week, but for all year.

Alberta Treasury Branches Increase Interest Rates

The Alberta Treasury Branches have increased interest rates on deposits to 3 1/2 per cent. Government officials said the move will increase deposits to the government-owned treasury branches beyond the \$100,000 mark this year.

Interest on savings deposits has been increased from 2 to 3 1/2 per cent. Three per cent is now offered on chequable deposits.

Interest on term deposits—deposits of \$100 or more—has been increased from 2 1/2 to 3 1/2 per cent. The rate on deposits of \$50 or more has been increased from 2 1/2 to 3 per cent.

The move was made to attract more deposits and also on the basis of the growing strength of Treasury branch operations.

"I'm going across to the bank for a minute"

Wherever Canadian live, work, a local chartered bank is nearby—a familiar, friendly source of financial services. Banking in Canada has been brought to people in a few other countries—the proportion of banking centres to population is among the highest in the world.

Every day some customers know that a chartered bank can not only grow their savings, cash their cheques and make loans, but help in many other ways too. They find new banking services being introduced, others being changed, improved or enlarged. For example, personal money orders, life-insured loans, company payroll plans, night depositors, banking by mail, safety deposit boxes—the list could go on and on.

The local branch of the bank is the one place where you'll find complete banking facilities—all under one roof.

Safe, Sane Halloween's Highly Desirable

It is to be hoped that a safe, sane Halloween will be observed by the townspeople. Halloween activities are restricted by law to the playing of pranks and the carrying of lanterns from door to door. It is hoped that the children will be safe and sane and that the adults will be safe and sane.

While Halloween is without danger in Vermilion, the same cannot be said of surrounding villages where some people are literally playing with fire. One man described Halloween as the most miserable night of his life. He said that he had been playing with fire and that he had been burned.

Let's have Halloween night to the little folks who have a great time making their own fun. Let's have Halloween night to the adults who have a great time making their own fun. Let's have Halloween night to the children who have a great time making their own fun.

VANDALISM

Vandalism is by its very nature, "senseless"—because it implies pointless destruction—but on the Friday night of the Halloween tradition, the vandalism which struck Vermilion is a point considerably beyond the point of just pure "senselessness."

Victims of the attack were five business places which had windows smashed with rocks. The victims were the Crown Liquor Store, the Post Office, the Crown Liquor Store, the Crown Liquor Store, and the Crown Liquor Store.

The work of adults? We doubt it. If it's the work of teens or young adults, what were the parents doing, that they would allow their children to do this? If it's the work of the teens or young adults, what were the parents doing, that they would allow their children to do this?

First anxiety of the proposed changes were greeted by opposition from the Roman Catholic and Jewish faiths while Protestant representatives said they would not oppose it.

HEAVY WATER PLANT

The La Ronge Liberal MLA has been something of a vocal provincial government foe since he was in Ottawa last week when he went to Ottawa to lobby for a new \$200-million heavy water plant. Prior to his departure for the capital, he met with Industry and Commerce Minister A. R. MacLean and the federal and provincial governments involved on the project.

Feeling was that La Ronge was the best possible location for the plant, economically and politically because of its location between Ontario (Lake Huron) and Alberta (the oil fields).

La Ronge is ideal for a heavy industrial plant, with water and development.

There is a 5000 farm population in the area and have attained the Vermeil, Recreational and Vocational in the last 30 years.

**Research Grant
To The U. of A.**
The Consulate General of the

United States has approved a Public Health Service research grant to the University of Alberta, Calgary. This is the third consecutive year for which this grant has been made and it will total \$12,000 for the coming 12 months. It was awarded upon the recommendation of the National Advisory Council on General Medical Sciences.

Dr. Ada Leah Jacobson of the University's Department of Chemistry, was named principal in-

The grant, which supports basic research on ion binding to polyelectrolyte and related molecular models, will contribute to a knowledge of the way in which muscles contract. Ultimately, information of this type may assist medicine in treating arthritis and related muscular malfunctions.

Fire Destroys Feed At Hunter Farm

A fire on Sunday, Oct. 27th, destroyed a considerable number of hives in the farm yard of Hunter Farm, south of Vermilion. The fire broke out in the early morning and spread quickly, destroying several hives and the feed stored in them. The owner, Mr. Hunter, is now assessing the damage and looking for insurance coverage.

A NEW ERA

The unveiling of the plaque commemorating the establishment of the Vermilion School of Agriculture and Home Economics in 1912, drew to a close the first educational institution this fall followed on a new era of service to the young people of Alberta. The school is serving the agricultural population in an ever widening field, but it is also providing courses in such vocations as stenography and secretarial work.

Great as has been the contribution of the school in the years from 1912 to 1963, the Standard foresees even greater use being made of the facilities provided in this new era of specialized education commencing with the fall courses of 1963.

Parents Must Help in Fight for Fluoridation

A plea for parents to help in the fight for fluoridation has been issued by Archibald E. Thomas, former director of the Department of Health, Education and Welfare and now president of the University of Oregon.

"The evidence continues to point overwhelmingly to the conclusion that the use of drinking water containing one part of fluoride in every million parts of water effectively reduces and economically prevents up to 60 percent tooth decay," the former secretary stated in a recent issue of "Good Housekeeping" magazine.

The evidence also indicates that the opposition to fluoridation is being led by persons to whom we should be grateful. "Parents should move into action," Mr. Thomas urged, "to ensure the present and future health of our children." He stressed the fact that a "small, vital and influential group of us, fluoridationists is depriving millions of our children of healthier teeth."

Mr. Thomas said there are four more important reasons related to the health of the people than the fluoride for fluoridation. "Parents should move into action," he said, "to ensure the present and future health of our children." He stressed the fact that a "small, vital and influential group of us, fluoridationists is depriving millions of our children of healthier teeth."

"There is not a single argument advanced by the opposition to fluoridation dealing with its harmful effects on children," he said.

The great leaders in the campaign for fluoridation and indicated that "they must see the essential arguments of the opposition with an educational program based on scientific facts."

AM: No Traffic Deaths in Safe Driving Week

Safe - Driving Week, the safety - Canadian road safety campaign, is coming up again. The dates will be the same as every year since the first one in 1956 - December 1 to 7 inclusive.

The Standard sincerely wishes that every motorist and pedestrian would drive and walk with such care that there would be no deaths and no injuries during this week.

With 10,000,000 people, with nearly 7,000,000 licensed drivers and more than 10,000,000 registered vehicles in Canada, even a week without a road death would be a great achievement.

Safe-driving Week concentrates on emphasizing the word "safety" and on making it a habit. It is to be a time to make it a habit to be safe. It is to be a time to make it a habit to be safe. It is to be a time to make it a habit to be safe.

GREEN ACRES

By H. BOWLEY (MONTREAL)

Let's turn this column into an article "Heritage" based on the 100th anniversary of the National Farm Forum (1963). This article would raise questions about the family farm before we can become too critical of our traditional method of holding land and farming we should realize alternatives.

There has been much said and much heartache about the anticipated disappearance of the large scale family farm, the corporate farm, however, when we look at the family farm, we see it is not disappearing. It is being re-created in a new form.

SHORT COURSES

Mr. Douglas also reported that the subject of short courses had been broached to the Chambers of Commerce in both Vermilion and Marquette. No reaction had been communicated to him to this date.

Mr G R Sterling, Chairman of the Land and Forests Conservation and Utilization Committee and co-ordinator of the Agriculture Rehabilitation and Development Act addressed the meeting at two o'clock on the subject of ARDA.

He outlined the philosophy behind the development of the program of the federal government and gave the ratio of contribution between federal and provincial and municipal governments involved in the various agreements which could be included under the plan. Among the types of

agreements that could be initiated were those for alternate land use, soil and water conservation, rural development and research. Mr. Wilson felt that the research agreement was the most pertinent in the present early stages of the program.

High On The List Of Highway Projects

A good example of misleading reporting was evident last Thursday evening and Friday with the reporting that the Hon. Claude Taylor, Minister of Highways, had finally returned to the daily press Mr. Taylor had been away for several days.

When the newspapers made the moving head here last Thursday it was quite apparent that the Department of Highways had already given considerable study to modernizing 14 and the Hon. Mr. Taylor's statement given in reply to a question asked by the Hon. Mr. Taylor, Minister of Highways, had been given in the daily press.

All interested can read that the Highway 10 out of Edmonton, and that work will be carried out on the more critical sections first.

Give the Outdoorsman A Chance (Editorial: Fish & Game Magazine)

Who is a outdoorsman? And who is a outdoorswoman? These are the questions that are asked by many people who are not outdoorsmen and outdoorswomen.

One might suppose that men fall into these categories and women do not. But this is not true. Many women are outdoorsmen and outdoorswomen.

The unfortunate fact is that hunting and fishing are seen as male activities. In fact, they are not. Many women are outdoorsmen and outdoorswomen.

One of the reasons for this is that many women are not given the same opportunities as men. They are not given the same equipment, the same information, and the same encouragement.

Clandonald Lady Dies In Vermilion

Patricia Clandonald, wife of the late Mr. Clandonald, died at her home in Vermilion, Alberta, on Wednesday, December 4, 1963, at the age of 70 years.

She was born in the town of Clandonald, Ontario, Canada, and was the daughter of the late Mr. and Mrs. Clandonald.

She was married to the late Mr. Clandonald in 1915, and they had three children: Mr. Clandonald, Mr. Clandonald, and Mrs. Clandonald.

She was a member of the Clandonald family, and was well known in the community.

Funeral services will be held in the Clandonald family home in Vermilion, Alberta, on Friday, December 6, 1963, at 2:00 p.m.

Awards and Scholarships at Clandonald Separate School

Parents and friends of the pupils of Clandonald Separate School assembled in the school auditorium on Sunday afternoon, November 10, to offer congratulations to the Junior and Senior High School pupils who had attained honour standing in the past school year.

The short program opened with the singing of "O Canada" by the Junior High, which was followed by the presentation of the awards to the Junior and Senior High School pupils who had attained honour standing in the past school year.

The awards were presented by the Clandonald family, and were given to the following pupils:

Junior High: Mr. Clandonald, Mr. Clandonald, and Mrs. Clandonald.

Senior High: Mr. Clandonald, Mr. Clandonald, and Mrs. Clandonald.

Clandonald U.C.W.

The Clandonald U.C.W. held its annual meeting on Sunday, December 1, 1963, at the home of the late Mr. Clandonald in Vermilion, Alberta.

The meeting was held in the Clandonald family home, and was attended by the Clandonald family and other members of the U.C.W.

The meeting was a success, and the Clandonald family was well represented.

St. Saviour's Scene Of Brugger-Taylor Wedding

A very happy ball wedding ceremony was celebrated at St. Saviour's Roman Catholic Church, Vermilion, on Tuesday the 30th day of November, at 3 p.m., when Mr. and Mrs. George P. Taylor of Verdon and Thelma Brugger of Edmonton were joined in holy matrimony by Rev. Fr. Hart.

The bride wore a gown of white tulle with a long train and a full skirt. She carried a bouquet of white roses and lilies. The groom wore a tuxedo and carried a sword.

The ceremony was officiated by Rev. Fr. Hart, assisted by Rev. Fr. McLeod. The wedding party included the bride's mother, Mrs. Taylor, and the groom's mother, Mrs. Brugger.

The wedding party was joined in marriage by Rev. Fr. Hart, who read the opening of the Mass. The bride and groom were then pronounced man and wife by the priest. The ceremony was followed by a reception at the home of the bride's parents.

The bride's parents are Mr. and Mrs. George P. Taylor of Verdon. The groom's parents are Mr. and Mrs. Thelma Brugger of Edmonton.

The wedding party included the bride's mother, Mrs. Taylor, and the groom's mother, Mrs. Brugger. The ceremony was officiated by Rev. Fr. Hart, assisted by Rev. Fr. McLeod.

Esteemed Lady Is Feted On 84th Birthday

Many friends of Mrs. John McLeod, 84, of Vermilion, celebrated her 84th birthday on Tuesday, December 3rd, at her home. The celebration was a most enjoyable affair, with many guests attending to wish the birthday lady a happy and successful year.

Mrs. McLeod is a well-known and respected member of the community. She has many friends and is always ready to help others in need.

More Curlers Are Urgently Needed

All people interested in curling, either in the league or casual curling, after the New Year, are requested to contact John Lange or Cheryl Gies for a list of local trials rising before the New Year was very low and the curling club executive is concerned with the poor response.

Rotary Tree To Feature Yuletide

The Rotarians have a lovely live Christmas tree, presently decorated in the Canadian Imperial Bank of Commerce. The tree is a beautiful specimen and is a gift to the community. The Rotarians have arranged with Capt. Cullen of the Saskatchewan Militia to have gifts to the needy and unfortunate families at Christmas time. Look after this tree soon. It is more bound to give than to receive.

Marauders Split Games With P. V.

By DONALD MORRIS

Post Office Burns At Meisburg

The post office at Meisburg was damaged by a fire. The fire started in the post office and spread to the surrounding buildings. The fire was caused by a faulty wiring. The post office is expected to be repaired and reopened soon.

Death of Pioneer Mannville Lady

On December 10th, Mrs. E. M. A. Mannville, 84 years of age, died at her home in Mannville. She was born in the Province of Ontario and had lived in Mannville for many years. She was a pioneer in the community and was well known for her many contributions.

More Curlers Are Urgently Needed

All people interested in curling, either in the league or casual curling, after the New Year, are requested to contact John Lange or Cheryl Gies for a list of local trials rising before the New Year was very low and the curling club executive is concerned with the poor response.

Rotary Tree To Feature Yuletide

The Rotarians have a lovely live Christmas tree, presently decorated in the Canadian Imperial Bank of Commerce. The tree is a beautiful specimen and is a gift to the community. The Rotarians have arranged with Capt. Cullen of the Saskatchewan Militia to have gifts to the needy and unfortunate families at Christmas time. Look after this tree soon. It is more bound to give than to receive.

Marauders Split Games With P. V.

By DONALD MORRIS
Edmonton High School Reporter

Edmonton, Nov. 20 (UPI)—The Marauders split their games in basketball with the P. V. team. The Marauders won the first game but lost the second. The Marauders are a strong team and are expected to do well in the future.

It's earning power that counts

Earning power depends on the ability of your truck to do the job at the lowest possible cost. That's where Chevrolet Trucks shine. They've been earning top money owners on every kind of job, in every part of the country for many years. Your Chevrolet Truck dealer has the right Chevrolet Truck (5,000 to 43,000 lbs. GVW) with the right Chevrolet engine (190 to 252 hp) for your kind of hauling. No matter which one you read, you can be sure of this: it'll have plenty of power — earn power. That's the kind that counts!

Cards Came Late In Yule Traditions

Many of today's Christmas traditions have their roots in the dim past, but the practice of exchanging greeting cards is a little over a century old. It is that William Makeley Thackeray, a famous English writer, who is credited with the idea of designing a Christmas card and receiving it on December 26th. Thackeray's card was a simple drawing of a man in a top hat, and it was the first of many. Thackeray's card was a simple drawing of a man in a top hat, and it was the first of many. Thackeray's card was a simple drawing of a man in a top hat, and it was the first of many.

NEW YEAR'S APOLOGY

The "daddy" of all holiday cards was designed and sent in 1812 by J. A. Bouverie, a young Londoner who wanted to send a note of apology to his friends for his failure to say a New Year's greeting. Bouverie's card made it clear he was not in his home to deliver his message. Later plays by the same author, later plays by the same author, later plays by the same author.

Setting The Date

December 25 was first adopted as the date for the celebration of the birth of Jesus Christ in the year 336 A.D. Pope Sixtus III in 460 A.D. placed the date of Christmas on December 25th. The date of Christmas was first placed on December 25th. The date of Christmas was first placed on December 25th.

One Holiday Has Many Rituals

Though Christmas comes but once a year, there is certainly no one and only way to celebrate it. In addition to the many customs that are generally shared—lights, bells, trees, gifts, Santa, prayer and fasting—the special ways of observing the holiday are as varied and numerous as the communities and families involved.

In French Canada

In French Canada, the celebration of Christmas is a family affair. The family is the center of the celebration, and the family is the center of the celebration. The family is the center of the celebration, and the family is the center of the celebration.

Four New Members Initiated By Kinsmen

The bi-weekly meeting of the Kinsmen Club, December 9th, was highlighted by the initiation of four young men into this nation-wide organization. The initiates were Ken Glover, Nick Klementovich, Bruce Jones and Al Tennant. Chairman of the initiation committee was Russell Kratoch, who along with Art Morgan, Angus Smith and John Stewart presided over the ceremony.

Kitscoty 4H

On December 4th the second monthly meeting of the Kitscoty 4H was held in the basement of the 4-H building. The meeting was well attended and the program for the following year was discussed. It was decided that the tagging of calves would be done on Jan. 22d. The program and project book were discussed and held on Tuesday, Jan. 11th, will be a club tour of the valley.

PROPER TOYS

The fact you wanted a certain toy when you were a child is no longer a fact. The fact is that you are now a parent and you are responsible for the toys of your children. Toys are for children. Survey Planned Of Farmer Attitudes

A pilot group of twenty well-known interviewers meet at the Victoria Hotel in Edmonton, last week looking to perfect interview techniques for project interviews. This project is the Farmers' Union and Coopers & Lybrand Development Survey.

More than 2000 farm people will be interviewed by project interviewers. All of the interviewers, about 300 of them will be interviewers. Last week a pilot study group the project interviewers, headed by research consultant Dr. L. B. Dunbar, met to test the interviewers. They will use in the actual survey.

CHRISTMAS CUES
A thin layer of baking soda sprinkled on ash trays will absorb cigarette smoke, help remove the smoke itself and make ash trays easier to clean. Baking soda in a room will cut down the haze of cigarette smoke.

Decorating Fruit Cakes

Fruit cakes may be dried and decorated as desired with candied fruits, nuts and cherries just before they are served. For a simple class "Christmas" cake, fruit cake, nuts, and candied cherries may be used. To make a "Christmas" cake, fruit cake, nuts, and candied cherries may be used.

Cleaning Operations

If household cleaning operations are planned in advance, they can be carried out more efficiently. For example, if the cleaning operations are planned in advance, they can be carried out more efficiently.

We Are Prepared For The New Year's Problems

Operating a pharmacy is more complicated than in the past. Instead of having to stock a few hundred bottles and chemicals as in the past, we now have more than 4,000 different prescription medicines in stock. The odds are that the ingredients in your last prescription were not known five or ten years ago.

"Although it was past midnight—they were here in no time at all"

"It may not always be possible for the Gas Company to give services that rapidly, but you have the feeling they're working every effort to do so."

And we at your Gas Company take pride in supplying the type of service our customers like — so it's a midnight call to check a faulty furnace or answering a billing inquiry. Good service means customer satisfaction, and the future of our company depends on our ability to provide our customers with the best possible gas service at the lowest possible cost.

Political Activity Centres On Three Hills By-Election

EDMONTON — There was a half-century quiz on the tip of every local politician's tongue as they gathered for the annual meeting of the Alberta Political Centres on Three Hills last night.

With the legislature scheduled to open on Jan. 20, the annual meeting of the Alberta Political Centres on Three Hills last night was a gathering of party supporters to report, "1963 to 1964."

Well, it wasn't quite a mere formality. A number of speakers, including the Minister of Agriculture, Mr. J. G. McEwen, and the Minister of Health, Mr. J. G. McEwen, gave reports on the work of their departments during the past year.

Mr. McEwen's report was well received, and he was praised for his work in the department. He also announced that the government was planning to introduce a new bill in the legislature.

Winter Protection For Sheers

Most cattlemen know that sheers find in the winter months from some kind of shelter or protection provided against severe cold and strong winds, says the Mount Pictorial "Cattle" of Canada.

While cattle can withstand more cold than man probably realizes, particularly if they've grown a good thick hair coat during the fall, adequate shelter will help to boost daily gains and feed profit.

Some tests have shown that where feeder cattle have access to a barn, open or closed, an extra half pound of daily gain can be expected. Not only will the sheltered sheers eat at a faster rate, but they'll do it with less feed. In one test, sheers that had only a high board fence for protection required an additional \$12.00 in feed costs for each 100 lbs. of live gain compared to sheers provided with overhead shelter.

Most of the extra feed consumed by the unprotected sheers was required because the sheers needed a lot more feed to supply them with enough energy just to keep warm. While the sheltered sheers were allowed to go outside whenever they wanted, they did benefit considerably from the extra protection in extreme weather.

Booklet Available "Alert Alberta"

An eight page booklet, "Alert Alberta" which answers 21 questions about Civil Defence in the province will be released for distribution at the Alberta Emergency Measures (Emergency) Conference at the Jubilee Auditorium, Edmonton, January 29 & 30 and Calgary, January 30 & 31.

Information contained in the booklet is designed to correct common misconceptions about the province's status in relation to Alberta's 1961 and 1962 and 1963 and 1964.

Subject matter is presented in non-technical terms, and no attempt is made to give detailed explanations of matters covered fully in federal government publications, a full list of which is included on the inside back cover.

Copies will be made available to the public on application to local Civil Defence (Emergency Measures) Offices, or on written request to Box 110(9), Edmonton following the conference.

Pipe Band and Guests Enjoy Annual Dinner

Once a year the Royal Canadian Legion Pipe Band take time off for a social event, as a change from their band practices and public appearances. A steak dinner was served Thursday evening last week in the Legion Hall followed by a short program of addresses. The band members and their guests enjoyed the evening very much. The band has been playing for many years and has won many awards for their efforts. The band is made up of men from all over the province and is one of the best in the country. The band is led by Victor Tillet, president of the Legion with a cheque for \$100.00. The Legion has also presented the band with many of the accoutrements of their uniforms.

Robert Toudelle, the youngest piper in the band, expressed appreciation for the opportunity of learning the pipes and for playing in such a fine pipe band. Shown in the picture, from the left, are W.A. member Mrs. Anne Kuchel, Larry Toudelle, Robert Toudelle, and veteran drummer Mike O'Connor.

Three ladies, members of the W.A. in the Vermilion Branch of the Royal Canadian Legion, were responsible for serving up the tender delicious, piping steaks at the annual dinner of the Legion Pipe Band. From the left they are Mrs. Lou Tillet, president of the Legion W.A. for the past five years; Mrs. 1941 Moss; Mrs. M. Burton; Mrs. E. Branson; and Mrs. A. Tury.

The man with the satisfied look on his face is drummer Art Morgan of the Pipe Band. Art has been playing for the band for many years and is one of the best in the country. The band is made up of men from all over the province and is one of the best in the country. The band is led by Victor Tillet, president of the Legion with a cheque for \$100.00. The Legion has also presented the band with many of the accoutrements of their uniforms.

Shower Honors Bride Elect
The bride elect, Mrs. M. Burton, was showered with gifts by her friends and relatives. The shower was held at the home of Mrs. M. Burton and was attended by many guests. The bride elect is expected to marry in the near future.

Outside the southern border area approximately 85 rat snuff traps were investigated. Most of these traps had not been checked and bait several rat traps were either found dead or quickly consumed. Several rat infestations of rodents or by one of Alberta's 2000 pest control officials were reported in several cities, towns, villages and rural municipalities.

# Search For Meteorite Completed By Officials

**LAURENCE, QUEBEC**—The search for the meteorite which was seen in fall of 1958, on January 1961, has been successfully completed. It is apparently found about west of Pine Lake.

The meteorite exploded about 16 to 12 miles above the surface, breaking up into many small fragments. It is thought that there should be about 10 to 20.

**Leadership Needed For Miner Hockey League Players**

An organizational type of person, willing to put together different parts and pieces and make them work together in a way that every hockey team that is going to have fun.

The leadership has to come from former players and these active in the sport, but especially so in the winter themselves and sometimes from the mothers.

We hear of all the problems caused by overzealous parents. Overzealous parents are seldom the workers. They are the parents of the players. This is the great sport and the parents of the players. This is the great sport and the parents of the players. This is the great sport and the parents of the players.

These are hockey men as coaches, players, managers, referees or other officials would do well to spend time working out and encouraging every mother of players to provide leadership for their "teams" by being active in the sport.

The Canadian Amateur Hockey Association has adopted the slogan "Don't send—take your boy to the stadium."

Vermilion is fortunate in that many young men are spending much time in reaching and managing Vermilion and district's minor league hockey players.

**Employment Trend Materials Optimistic Outlook in Canada**

A new employment outlook is forecast in the 25th omnibus employment survey of Manpower Services Institute, taken in ten major cities across Canada, and just received by the Standard.

Of 581 businessmen and industries polled, 15.3 per cent said they would be adding to their payroll. The sampling showed that 77 of the firms surveyed would be increasing their staff, 50 new possible jobs, and 622 could form new, appreciable change.

Largely payroll additions were reported by insurance and health care firms. The petroleum industry and manufacturers of apparel, electrical appliances, and furniture were also among staff additions according to the survey, while retail department stores and beverage industries expected some reduction in payroll.

Canada was the brightest spot in the 10-city survey, with 11 of the 58 firms polled indicating staff increases and only three companies indicating possible layoffs.

Little employment increase was indicated by the survey of 48 businesses in Winnipeg, of which 35 forecast no change, and eight firms expected a decrease in their payroll.

In Regina, of the 54 firms polled, 43 reported no increase, six indicated staff reductions, and five said they might increase some jobs, though none were in retail department stores.

In Calgary one company in five indicated a need for additional help. Of the 55 firms surveyed, only three indicated possible reductions. According to the survey, largely increases are expected in banking and public utilities, with furniture, furniture manufacturers and advertising industries some payroll additions. Some layoffs were expected in department stores. Manpower's Canadian survey is conducted with one survey in the United States.

**The Big Payoff**

The revived Columbia River deal looks good says The Standard, and we join the general rejoicing that this deal will give very important boost to locally active industry for the logging machine. No one should underestimate the importance of this deal for the economy of the Columbia River. The U.S. and Canada, and B.C.'s Premier Stewart have agreed to a deal that is a reminder of man's occasional ability to act together.

Until now, Canada has proved itself on possession of the Columbia River. The deal is a reminder of man's occasional ability to act together.

**TAKE DEER CENSUS OF VERMILION AREA**

Biologist Roger Schindler and Game Officer George Ross of the Fish and Game Branch of the Alberta Dept. of Natural Resources, completed an aerial survey of this area taking a count of the number of caribou that are not yet available to us in the vicinity of the mountainous area. The number of the animals in the entire mile flat of the state starting the survey was 1400. The survey was done by the Vermilion Airport.

According to the impression the survey party received from their observations the deer population is not being depleted the most frequent reason. The reports to be just as many as those as before the opening of the area a few years ago. The purpose of the count is to determine the number of deer in this area they had observed the maximum number in proportion to the 1400. (Over population must that in deer would die of starvation during the winter.

#### Not Too Grandiose After All

It is a source of sincere satisfaction and gratification to see the maximum use being made of the Vermilion Stadium and to know that a modern stadium is being built to the various hockey teams. The number of games in season, at least, will be increased. The number of games in season, at least, will be increased. The number of games in season, at least, will be increased.

The Stadium, important in another way as it raises the status of every town in the E.A.T. They all want something comparable to Vermilion. Lloydminster and St. Paul are already making plans for an ultra modern stadium on a par with ours.

#### Prime Ministers' Predicament

Claims of Elliot Lake, Ont., a new happy intention town are counting the days until July 1. That is vacation day for Elliot Lake. One of the government's prime ministers, Lester B. Pearson, is expected to be in the town for a few days.

It is partly this, the normal, annual visit to the town, which is the reason for the town's name. It is partly this, the normal, annual visit to the town, which is the reason for the town's name.

#### Time To Stop

Travellers (Ont.) Travellers

An experiment, we should like to see every newspaper in Canada join in a new effort to stop the obscenity of the press.

This habit has grown completely out of hand. No week passes without a "downright" coming to the editorials. It is a habit that has grown completely out of hand.

Everyday who wants some free publicity gets into the act, and we are obliged to publish of girls getting married, to mention a few. It is a habit that has grown completely out of hand.

Of course the fact that girls are in all such pictures is a source of shame to the only republic in the world where the whole world is free.

The fellow who started this special week business should be ashamed to be in the position of a girl who is equally to blame. And fellow editors, that's all. We can't be responsible for it. It is a habit that has grown completely out of hand.

**ANGUS MacMILLAN and  
FRED BRIMACOMBE**

ON THE OPENING OF THE  
**Park Professional Building**

We were proud to be selected as general contractors  
for this fine new home for

**MacMILLAN-BRIMACOMBE  
AGENCIES LTD.**

**W. J. Pettigrew Construction  
Company**

Offering a Complete  
INSURANCE SERVICE  
in Vermilion and area

**Fred S. Brimacombe, C.L.U.**

In August last year, following more than 10 years of successful branch management experience with Great-West Life, Mr. Brimacombe chose to return to Vermilion. He has, however, in time to continue his insurance career in personal sales with the Company. As a full-time representative with extensive experience in life insurance and estate planning, he is now able to provide a personalized service for his many customers and friends in the Vermilion area.

Mr. Brimacombe represents one of Canada's leading insurance companies, providing a complete range of life insurance, pension, and health insurance plans for individuals and families, businesses and groups. Within this business enterprise a full line of insuring facilities is available to serve the people of Vermilion and district.

Great-West recently introduced a completely revised portfolio of plans and policies with many innovations designed to meet today's and tomorrow's needs. Fred Brimacombe has the details — "look at this" with him now.

## Forerunner of MacMillan Brimacombe Business Established in 1905

Developed with Progress of Town;  
Original Building One of First in  
Vermilion

The removal of the MacMillan-Brimacombe Agencies to new premises calls to mind that this insurance and real estate business is one of the very first enterprises to be established in the Town of Vermilion. The little building which they have just vacated was one of the first to be erected, away back in the year 1905 as closely as can be ascertained. All early pictures show this building nestled in the shadow of the larger store structure which formerly occupied the present Travelers Service Station site.

People are possibly more in awe of the new building, but this little building and those who occupied it, certainly contributed much to the history of Vermilion.

**MR. BRIMACOMBE, REALTOR**  
The first agent of which there is a printed record doing business in the office, was Fred Brimacombe. At the time of the opening of the building, he was the only agent in Vermilion. As time went on, however, he was joined by other agents, and the business grew. Mr. Brimacombe was a "Traveler and Loan" agent, operating out of the store structure.

**CHAS. BRIMACOMBE OF 1905**  
Charles Brimacombe, an early insurance agent, was the first to establish a business in Vermilion. He was a "Traveler and Loan" agent, operating out of the store structure.

Mr. Brimacombe conducted an active growing business from 1905 to 1925. During that time he was the Mayor of Vermilion and President of the Old Town Association, as well as being active in a number of other organizations.

**1905 BRIMACOMBE CHANGE**  
In January of 1905 the first major change took place in the business with the "Traveler and Loan" agent, Fred Brimacombe, taking over the business. He was a "Traveler and Loan" agent, operating out of the store structure.

Working out of the store office, he continued to play a prominent part in the community. He has served as president of the Chamber of Commerce and charter president of the Rotary Club. In addition, he has been a member of a number of other organizations.

**ANGUS AND FRED OF 1925**  
Another change took place in 1925 when Angus MacMillan and Fred Brimacombe joined the business. They were a "Traveler and Loan" agent, operating out of the store structure.

F. S. Brimacombe, C.L.U., joined Great-West Life in Edmonton in 1926, serving later as manager of three branches — Brimacombe, Brimacombe (1928-30), St. Catharines, Ontario (1930-32) and the present (1932-33). At his request, Mr. Brimacombe returned to personal selling in August, 1942. He is associated with Mr. D. C. Sibbald, manager of the Company's Edmonton Branch.

An Historical Building

Built in 1905, this little frame building has seen much Vermilion history enacted within its walls as it has housed one Mayor, three Chamber of Commerce Presidents, two Councilors and at least one school trustee.

## GOOD LUCK

**ATTRACTIONS ATTRACT**

The obvious statement that "attractions attract" was evident in Vermilion today as thousands of people came to see the three events which brought not hundreds, but thousands of people into town.

The Little Rye and Achievement Day at the Vermilion Agricultural and Vocational College, an event that is only possible at two other places in Alberta, attracted a large number of people. They came from all over central Alberta, circulated freely around the business section, and got caught at the college.

Second in the list was the rural-arena hockey tourney for which Vermilion, with its two covered arenas has better facilities than any other town in Alberta. Stadium hockey, with all full rounds of players, and hundreds of spectators, drew a huge crowd in town until the final break-up, which was finished.

A massive gathering which brought visitors from many sections comprised members of the Alberta Chapter, however, who gathered here for their annual banquet and get-together.

It is now having all these attractions to attract hundreds of five visitors to Vermilion.

**Alberta Legislature Taking Its Time**

EDMONTON.—After four weeks of sittings the Legislature has still not gotten down to the serious business it came here for.—discussion and enactment of legislation and study of the 1964-65 budget.

Several of the volume members have commented on the fact that the session has been long largely a session of "business as usual" and that the Legislature is going to have to start pushing hard and much sooner.

However Premier Manning said there is virtually no chance of finishing up before Easter so the normal procedure is to get everything off the way by then so it off this session.

At the Legislature's past session, the session was held with last week's session of the Legislature on a somewhat surprising result.

## Bull Calf Vaccination Policy Change Long-Time Resident Is Laid To Rest

Bull calves born after Jan. 1, 1964 will not be vaccinated in a regulation in which calves born before Jan. 1, 1964 will be vaccinated.

Although many calves are highly resistant to Brucella, they have been vaccinated every year for export and to enable them to be taken to market without a blood test from one state to another.

Dr. Brookes says that the new regulation will be a relief to the cattle industry in general, but that it will be a hardship on the few calves that are not resistant to Brucella.

The Federal Health of Animals Division has announced that the U.S. will allow all calves to be vaccinated in the future to enable importation from Canada and other countries.

Dr. Brookes says that the new regulation will be a relief to the cattle industry in general, but that it will be a hardship on the few calves that are not resistant to Brucella.

Any calves which have been vaccinated before Jan. 1, 1964 will be vaccinated through arrangements made by the Federal Health of Animals Division.

# Scoggins To Bring "Smorgasbord" To Vermilion

New Volume on Farm Building Aids Benefits Farmers

A comprehensive volume of ideas, specific designs and advice on agricultural buildings has been made available by a building chain of lumber yards across Alberta and Saskatchewan. The most complete farm building and material information guide ever assembled, *Chains* has already proven its worth to farmers by providing them with the latest information on building techniques, and is now being distributed to all the major lumber yards in the province. It is a must for every farmer who is planning to build or remodel his farm buildings.

Eye Banks Need Donors

Thousands of people on this continent have been rescued from blindness because of the gift of their eyes.

Canada's first eye bank was established in 1946 and is now a part of the University of Toronto's Department of Ophthalmology and the Canadian National Institute for the Blind. Four men, in Winnipeg, Regina, Vancouver and Montreal have been named as the first donors.

The first donor was Mr. J. H. McLaughlin, who donated his eyes to the eye bank in 1946.

Mr. McLaughlin was a member of the University of Toronto's Department of Ophthalmology and the Canadian National Institute for the Blind.

## AN ANNOUNCEMENT

It is with regret, that, due to illness over the past three months, Mr. Tom Watts, has tendered his resignation, as active manager of our store in Vermilion. We have been lucky to have him do this but due to his illness, and with his full co-operation, we have secured another manager. When he is able, Tom will help us again in an advisory capacity.

## THE NEW MANAGER IS Keith Rymal, an old employee of our firm, having served as a traveller for some ten years. We feel you will find him a good hardware man, well skilled and very easy to meet. He is married and has two small children.

## At this time, it is interesting to note that we have owned this store in Vermilion, for forty-seven years, (since 1917) and Keith Rymal is only the third manager, a record in steady and reliable service.

## May we continue to serve you.

Your Precious Eyes**

Nature has done everything possible to protect  
them, but sometimes they need help. If you are  
subject to recurring headaches, or your arms are too short  
to hold what you are reading, have your eyes examined.

Prescriptions for eye medicines require expert  
compounding. Solutions or eye drops must be free from  
foreign particles, no matter how small. Some must  
be sterile. We welcome the opportunity to use our  
compounding skill should you need any eye medication.

## Outstanding Evangelist At Alliance Chapel, Vermilion

Rev. Bennett will be the guest speaker at a series of Evangelical meetings in the Alliance Chapel, April 28th to May 3rd. He comes after a rich ministry on this continent in churches.

Upon his return to England, Mr. Bennett accepted an invitation to minister at the well known Duke Street Baptist Church on the outskirts of London. Here, too, are the three

country. He is often heard say, "Britain today has become a Mission Field".

In European countries such as Germany, France and Holland, he is prominent to the

conferences and colleges. An evangelist of repute, he has been associated with Rev Stephen Olford, Duke St. Baptist Church London, England.

He was introduced to a Young People's Conference Centre and received Christ as his Saviour. The change was revolutionary.

and showed Mr. Benne that he was unmistakably called of God to relinquish his profession in order to devote himself wholly to preaching the Gospel.

He taught further studies in the U.S. in Bible and Philosophy and graduated from Barling College in 1965 with his B.A. degree (Philosophy Major). He was a leader in the student

## Completes Exhibit For World's Fair

A report from Washington

DC, world headquarters of the Seventh Day Adventist Church, received by members here a message near completion of its exhibit in the Protestant and Catholic churches.

The report described the exhibition as one few viewers would soon forget. "Being a dramatic and colorful display, it was well received by the public," said the report. "The attendance at the opening to date of the festival of arts and crafts and the seven days was most disappointing. The Canadian Red Cross will place hospitals in Canada with white blood and vital blood products such as gamma globulin.

new technique called Illumi drama, the exhibit takes the viewer right into the scenes that take place months later. Hear Stereophonic sound, moving light

and three-dimensional effects combine with a backdrop of oil painting curving 20 feet across and 10 feet high, to graphically present the second coming of Christ.

**F. Donald Heads Tiger Hockey Club**  
Present Route Selected 14 Mile Contract

Frank Donald was elected president of the Tiger Hockey Club at the annual meeting of the organization held in the stadium on Monday evening. A representative gathering was on hand and general plans for the 1964-65 hockey season were discussed.

Elected to the executive along with Mr. Donald were Fred Brimacombe, Stan Mayhew, Joe Winter and Paul Mayhew.

C. Barber, president of the past season announced that he did not wish to stand for reelection. This position, long time secretary-treasurer of the club, also stated that he desired to be relieved of his duties as he had a great desire to build some hockey games for a change.

**SLIGHTLY IMPROVED LINE**  
One of the ideas generally favored at the meeting was a new concession stand to the Eastern Alberta Hockey League. The league of interest allowed each team to do this. This would be the dual effect of cutting down the heavy cost of importing locally a whole team and would give local players a real chance to play.

**CLUB TO HOLD FUTURE AND APPLIANCE BINGO**  
In order to cover the cost of the past season the club will hold a furniture and appliance bazaar on Wednesday, June 1st. Prizes in the value of \$2000 will be given to the winners.

**RENEWAL FOR MAYNARD**  
Curtis Bert Maynard refused to accept any cash remuneration for his services. As a gesture of appreciation the club presented him with a set of five sweaters.

**Death of Tom Hobbs**  
Thomas Henry Hobbs passed away in the Vermilion hospital on Wednesday morning at the age of 75 years. He was born in the town of Vermilion, Alberta, and was a well-known resident of the town.

## SOME FACTS ABOUT WATER AND WATER TREATMENT

ITS A FACT In many areas in Vermilion and district the water is hard and/or discolored.

ITS A FACT In all such cases, the unsatisfactory conditions can be eliminated by the installation and use of a proper water conditioning unit or units — softener, chlorinator, filter or other.

ITS A FACT That some people with water conditioning units find them only partially satisfactory.

ITS A FACT That if you write, phone or drop into our office we can tell you immediately why your water conditioner is unsatisfactory. We have access to the specifications and operating procedures for literally hundreds of water treatment systems and we will be pleased to advise you for free!

ITS A FACT If you need a water conditioning system we will have your water supply analyzed and then advise you what water treatment units you require and at what free cost.

ITS A FACT That if you do purchase a Duro water system or treatment equipment from us we will unconditionally guarantee in writing to the job we recommend it for.

Authorized agents for Duro Canadian manufactured water treatment systems.

Bayton with former members and the visitors present. Mrs. B. B. Bayton, president, and Mrs. Mary Trues, secretary, and Mrs. Betty Quakenbush of Van Nuys, were guests.

Mrs. Botschka gave a short report on the United Nations Conference on the Status of Women, spoke on farm and home economics and on the minute discussion follow.

Mrs. Botschka read her report on the 1964-65 season in Venezuela. This was a really good report and was much enjoyed.

The roll call was answered by Mrs. Botschka, Mrs. Trues and Mrs. Quakenbush. The hostess gift, a box of chocolate was won by Mrs. Botschka.

A lovely luncheon was served by the hostesses assisted by Ann and Mrs. Quakenbush.

**FATHER'S DAY - JUNE 21 1964**

If you are looking for a gift for Father's Day you might consider a present which will promote the healthy outdoor activity which is so important in the life of many occupations. For the Father, paper or hanger of a gift of sports equipment is always appropriate, or you may want to give a gift of sports wear.

For the father who has retired or is about to retire there is a wide variety of leisure time gifts which will help him to use his leisure time to the best advantage.

The Father's Day gift you give which will promote health will be well beyond a symbol of your respect and affection.

**Have We A Master Farm Family?**

June 20th is the deadline for Alberta's Master Farm Family nominations. The names of suitable nominees should be forwarded to the local district agricultural offices.

Master Farm Family Awards recognize farm families who make an outstanding record of farming and have contributed to community life. Alberta is the only province in Canada which gives this award and it is rapidly becoming known as the province of Farm Families. Fifty-one families have received the award since the program was started in 1948.

The size and type of farm is not important. It is the family unit which counts. Neighbors of a Master Farm Family should be there to represent sound farming practices, good citizenship and capable community leadership.

A family must be Canadian citizens to be eligible for a Master Farm Family Award. The head of the family must be the owner-operator or the lease-operator of the land and he must have been in at least 20 consecutive years raising the farm. Military service will be accepted in lieu of time on the farm.

The district agricultural territory is the first unit of selection. Candidates are judged by a local committee appointed by the Ministry of Agriculture. The committee is composed of a district agricultural, a district home economics, a resident farmer, a resident farmer's wife, a Canadian citizen accepted by the district committee will compete at a regional level and be scored by a regional committee. The winner is divided into two regions, representing the five north and five south. Only one Master Farm Family can be chosen for each region in one year and no award is made for a region unless there is a candidate worthy of the honor.

Nominations must be made on the forms available from the district agricultural offices. The forms must be signed by at least three neighbors and returned to the D. A. office not later than June 20.

**Diligence Needed**

Every year accidents with freeriders, ill-gotten, and borrowed money have been reported. Don't let this summer be marked by a serious accident. Don't let the danger of a serious accident be a reality. Don't let the sharp point of a knife or a saw be a reality. Don't let the eye over it have been damaged.

## Vandals Destroy Pine Spruce Tree

A pine spruce tree which had become established at the station grounds was deliberately destroyed by vandals on Thursday afternoon.

The tree, which was planted in the spring of 1965, had been growing for over a year and was valued at \$100. It was destroyed by vandals on Thursday afternoon.

The station committee is of the opinion that the tree should be replaced.

## Death of Mrs. Anderson in Calgary

## HOW IT ALL STARTED . . .

### IN 1934 ONLY A DREAM

Thirty years ago, in 1934, a handful of men with courage, vision and a faith in the future, decided to "put their purchasing power", and the Vermilion District Co-operative Association was born.

Following much talking among neighbors and innumerable cups of coffee, a general meeting was called in 1934. This meeting was held in the Irwincomb Building. Among those attending were Jas. Curry, Bill Radcliffe, Lee Burdette, Bill Fallow and Charlie Scott. From this small meeting a provisional board of directors was chosen.

By the spring of 1935, this young co-operative had about 50 members and total assets of \$1700.00. With this, these courageous people started into business for themselves. The Vermilion Co-op was born.

Business was done for cash. In fact many members, when they sold some hogs or wheat, deposited this money with their co-operative and then shopped until the money was used up. And membership grew quite rapidly.

This tiny co-operative began business in the Irwincomb Building, (now the location of the Treasury Branch). In 1937 they moved to the old post office building which was located directly across the street from their present site. When the old post office building became available in 1942, this growing co-op purchased that building and have operated continuously from this location until this week.

Little did the dreamers of 1934 realize how big their youngster would grow. Truly a band of courageous men, with a vision of better things for themselves and their families. All this has been obtained by "putting their purchasing power".

## A DREAM COME TRUE IN 1964

On June 25th, 1964, the members of the Vermilion District Co-operative Association, will realize a "dream come true", when they officially open the doors of their fine new shopping centre.

Early last year the annual meeting urged the board of directors to proceed with the erection of a new shopping centre. Property was purchased, plans were studied, contracts were let, and early last fall the sod was broken and construction was begun.

Over the years the membership of the Vermilion Co-op has grown from the original 50, until today more than 1200 people share ownership in this modern shopping centre. During this time the members have purchased more than two and a quarter millions of dollars worth of goods from their own business and have realized substantial savings in the process.

By adopting the slogan, "TOGETHER WE BUILD, SHARE AND BENEFIT", the Vermilion District Co-operative has made giant strides, and the opening of the modern Co-op Shopping Centre will surely herald a new era in co-operative development in Vermilion. We say "THANKS" to those hardy co-operative pioneers of 30 years ago.

## New Vermilion District Shopping Centre Is Designed To Provide Every Modern Shopping Convenience For Vermilion Shoppers

### SHOPPING CONVENIENCE

On Thursday, June 25th, the Vermilion District Co-operative Association will open the doors of one of the most modern shopping centres in north-eastern Alberta. This new 70' x 125' fire-proof building is of cement block construction, and has been designed throughout to provide the shopper with every comfort and every possible modern convenience. Here, in the 6300 square feet of attractively laid out trading area, is one-stop shopping at its very best.

### Features Designed With You in Mind

#### DAILY FRESH PRODUCE

Enjoy fresh produce at all seasons of the year from a 24 ft. self-serve refrigerated display case.

#### FRESH DAIRY FOODS

A 12 ft. refrigerated self-serve dairy bar for all of these fresh dairy foods.

#### MEAT DEPARTMENT

The modern meat department features a 25-ft. display case, as well as modern power equipment to provide you with speedy service on those special cuts that you like. A large fully modern walk-in cooler and up-to-date packaging facilities will make this a pleasant place to shop.

#### FROZEN FOODS

A complete line of frozen foods in a 24 ft. freezer bar.

#### GROCERIES

A complete line of groceries, featuring the Co-op Label products.

#### HARDWARE DEPARTMENT

This new shopping centre will feature a complete hardware store, including sporting goods, paints and paint supplies, major appliances, builders hardware and tools as well as a good stock of giftware and kitchen hardware.

#### AUTOMATIC CHECKOUTS

Three automatic check-outs will help speed you on your way after your shopping is completed.

#### DRY GOODS DEPARTMENT

A well-stocked dry goods department will allow you to purchase most of your staple dry goods while on your regular shopping trip. Features will include a complete line of men's work clothes, a ladies' section and a good selection for ready-to-choose from.

#### WAREHOUSE

A modern warehouse, complete with walk-in coolers assures you of a constant supply of all of your favorite perishable foods.

#### REST ROOMS

For your convenience, while shopping in the Co-op — two modern rest-rooms are provided.

### Lament Couple Observe 25th Anniversary

Mr. and Mrs. C. L. Townsend of Lament were host and hostess to many friends and relatives on the occasion of their silver wedding anniversary on June 25, 1964. Mr. Townsend is head engineer at the Archer Memorial Hospital.

Many friends and relatives presented Mr. and Mrs. Townsend with a very beautiful silver service, and many more useful gifts. Mrs. Karl Marklund of Vermilion was Mr. Townsend's sister.

### Area Supervisor For Water Safety

Mr. Harry Bunn, Lloydminster, has been appointed Area Supervisor for Water Safety by the local program of the Canadian Red Cross Society.

The local program of the Canadian Red Cross Society and the Alberta Water Safety Council in his area will be Vermilion, Watrous, Carleton Place, Lethbridge, and Lloydminster.

Mr. Bunn will be visiting all districts and will be coordinating demonstrations on water safety, distributing literature and films on water safety, appointing examiners for Red Cross Water Safety tests, and testing swimmers.

All districts within the above area are asked to contact Mr. Bunn for assistance.

Seven men from the British Columbia Government commenced work on the first board of the Vermilion municipal hospital, which was formed in 1918. Gus represented the Derwent district on the board and came from Edmonton to attend the institutional dinner in honor of Charlie which was held recently. Charlie represented the Elbowyn M.D. and lived near what is now Clonmel.

Other members on the first hospital board were H. W. (West) Brown, Hiram Hodgins, Alex J. Morrison, Norman McEwan, J. W. G. Morrison, John J. Hope, E. C. Symes and J. H. James.

### Slow Down and Live Campaign

Although most people are aware of the slogan "Slow Down and Live" very few people pay much attention to the message which is caused by the counterpart of the speeding driver, the "too slow driver." Everyone has observed, at some time, the line of cars following along behind the driver who is not slowing down. As the length of the line increases, a driver might observe on the road, take a chance in order to pass the dawdler. The next day's newspaper often records the tragedy which results.

If a highway is rated at fifty or sixty miles an hour, drive at that speed to save normal weather; a little under the maximum after dark or under difficult conditions. If you want to enjoy the scenic beauty of the Canadian landscape, use the secondary roads. More often than not you will find the secondary road is more scenic than the main highway, and considerably safer.

### Fun — Not Tragedy

Summer is for fun and recreation not for tragedy. Every year people lose lives in boating accidents which have resulted from misadventures of speed or through the improper changing of planes in a boat. This summer don't become a statistic. Take a few minutes off before you start the summer and read "Safety Afloat." Free copies will be supplied by the Department of Transport, Ottawa, on request.

### The Happiest Person

Have you ever tried to determine just who is the most contented individual you have ever met? The happiest person is not the one who has the most money, but the one who has the least. This summer don't become a statistic. Take a few minutes off before you start the summer and read "Safety Afloat." Free copies will be supplied by the Department of Transport, Ottawa, on request.

### Take Time To Reflect

The Canadian Wheat Board recently announced that initial prices for the 1964 grain crop will be the same as those in effect at the start of the previous crop year.

While this announcement was of interest, it is grain producers, probably most of all, who are interested. The Wheat Board method of marketing with its initial, interim and final payments to grain producers has been a success story for many years. It is the only system they have operated under and down with the weather and with the whims of the speculators.

It was only after years of effort that the Wheat Board was secured. From then to now, grain producers would do well to reflect on the advantages of the present system of selling their grain over the old open market.

—Wheat Pool Budget

**Farm Safety Week**

The National Safety League of Canada estimates that if the present accidental rate continues, one million of every fourth family will be killed or seriously injured in an accident this year. More than 120,000 of the present farm population will be involved in accidents of which about 35,000 will cause injury and 2,000 deaths.

Of all accidents involving farm residents, 72 percent occur on the farm. In one-third of the machine accidents victims are under 20 years of age, 12 percent under 10. The Safety League says that the tractor is involved in the majority of fatal farm power accidents. Farming continues to rank as the third most hazardous occupation. It is only surpassed by mining and construction which have higher accident rates.

With these sobering thoughts, the Safety League drives attention to Farm Safety Week which is being marked across Canada July 19th to 25th.

Farm safety should be a year round program but Farm Safety Week provides an ideal time for every farm family to launch its own safety program.

**Contrast in Wealth**

Measured in Canadian dollars, goods and services produced in Canada last year had a value equal to \$2,285 per head of population, a new record high surpassed only by the United States (\$2,540) and Sweden (\$2,284).

A further indication of Canadian affluence is relation to the trend of mankind is given in a recent report of the Agency for International Development.

In it, Canada's 19 million people are shown as accounting for seven percent of the value of all goods and services produced in the world. The comparable figure for the whole continent of Africa with its population of nearly 500 million is only 2.5 percent.

Power yet is South-East Asia, with a population more than three times that of Canada, and more than two and a half times that of Africa, its annual output is equal to only 1.8 percent of that of the world's productive wealth.

By contrast, the 180 million people of the United States accounted for nearly 40 percent. Western Europe for 31 percent.

As was the case in North America and Europe, a really dramatic rise in Asia and Africa living standards will only come in the wake of industrial development and the establishment by new means of manufacturing industry on a grand scale.

The huge gap which it will come soon — and that Canada, along with other privileged people, will jump up an opportunity to help it along.

## CBK Saskatchewan Celebrates Silver Jubilee

Twenty-five years ago today, the first radio broadcast in Saskatchewan was made by the CBK station in Regina. The station, which is now one of the largest and most popular in the province, has celebrated its silver jubilee with a series of special programs and events.

The station's first broadcast was made on July 23, 1939, at 8:00 a.m. The program was a special broadcast of the Saskatchewan Symphony Orchestra, conducted by the composer, Charles Gounod.

Since that time, the station has grown to become one of the most popular and successful in the province. It has a large and loyal following of listeners, and it has been instrumental in many of the province's most important events and programs.

**FINEST MOMENTS**  
Some of the finest moments in the station's history were those when it was first established. The station was founded by a group of men who were passionate about the power of radio to bring people together.

Over the years, the station has been blessed with many talented and dedicated staff members. These individuals have worked hard to ensure that the station remains a source of entertainment, information, and inspiration for its listeners.

# 1073 Mutual Telephone Companies Using Facilities Provided by AGT

For many years in the province of Alberta, the telephone companies have been using the facilities provided by the Alberta Government Telephone (AGT). This arrangement has been beneficial to both the companies and the government. The AGT provides a range of services, including long-distance calls, international calls, and special services for businesses and government departments. The use of AGT facilities has helped to reduce costs and improve the quality of service for all users.

## Clandonald Man Married At Oyen

In a double ceremony at the United Church of Oyen, a wedding was celebrated for James Clandonald and Mrs. J. A. McArthur. The bride, who is a native of Oyen, was accompanied by her father, Mr. J. A. McArthur, and her mother, Mrs. J. A. McArthur. The groom, who is a native of Oyen, was accompanied by his father, Mr. J. A. McArthur, and his mother, Mrs. J. A. McArthur. The ceremony was performed by Rev. J. A. McArthur.

## Paradise Valley

Mr. F. H. Hinkley of Oyen is the owner of the Paradise Valley ranch, which is located in the Paradise Valley area. The ranch is a large, beautiful property with many acres of land. It is a popular destination for tourists and is known for its scenic views and excellent hunting and fishing opportunities.

## ON THE RANGE AT CADET CAMP

Four western provinces get a chance to prove their shooting skill on the range at the junior leader camp, held in Riding Mountain National Park, Manitoba. The four are: Alberta, Saskatchewan, Manitoba, and Ontario. The camp is a training program for young people who are interested in learning about the outdoors and hunting.

## Local Buyers

Mr. and Mrs. John McArthur of Oyen are the local buyers for the Paradise Valley ranch. They are responsible for the day-to-day operations of the ranch and for ensuring that it is a successful business. They are also known for their hospitality and for the excellent service they provide to their guests.

## Beef Sale July 30

The annual beef sale will be held on July 30 at the Oyen fairgrounds. The sale is a major event in the community and is attended by hundreds of people. It is a great opportunity for farmers to sell their beef and for the public to see the results of their hard work.

bushels or more of grain to a National Grain elevator in the twelve months prior to the accident. Under the plan, coverage is automatic — the farmer does not have to register with the Company, nor fill out any forms. Insurance coverage increases with the size of deliveries to a maximum of \$5000.00. There is no deductible clause in the policy. Farmers dependents are also covered by the National Grain Accident Insurance Plan. Farm workers may also be covered upon application. The plan covers all injuries anywhere in the world at any time. A National Grain spokesman reported that an average of 80 claims are paid every month and in the past, 8

### Prize Winners Announced At Annual Vermilion Fair

The 50th Vermilion Fair proved to be one of the most successful in both quality and quantity of exhibits as well as attendance. Heavy rains during the night of both Wednesday and Thursday did much to improve the spirits of residents of the area and this was reflected in the crowds, particularly on the Thursday, as it was estimated that this was the largest first day in the history of the fair.

The parade was one of the best in recent years with many beautiful floats and exhibits. Several thousand people lined the parade route and thrilled to the music provided by the Vermilion Citizens Band, the Vermilion Pipe Band and the percussion drift of the Vermilion Majorettes.

## 22 Graduate At J. R. Robson High

By DONALD MORSE

This could be the start of something big! The 1964 graduation here could well describe the outgoing of new graduates from J. R. Robson High, who are now here for greater things in their chosen vocations or at place of higher education.

The 1964 Graduation Banquet, Exercises and Dances once again proved to be a most colorful and successful affair.

The class valedictorian, then delivered the formal address.

**FRESHMAN CLASS**

The exercises concluded with Tom Smith, on behalf of the Students' Union, presenting a diploma to the graduates with their class. Mr. Howly acted as Master of Ceremonies.

**Services Sunday**

**Services United Church**

The meaning and purpose of Devotion Day is to give those people who have genuine feelings of gratitude an opportunity to meet at the sanctuary of the church and share their devotion with others.

A large congregation was present at the Sunday at First United Church on the annual Rally Day service for the church members.

On display in the church were many of the new hymns and songs for the church members.

Elections held on the day began with three seats on the town council, four seats on the County Education Authority, and three seats on the County Council. The results of the elections were as follows:

Three seats on the town council: Mr. J. H. Smith, Mr. J. H. Smith, Mr. J. H. Smith.

Four seats on the County Education Authority: Mr. J. H. Smith, Mr. J. H. Smith, Mr. J. H. Smith, Mr. J. H. Smith.

### Cabinet Comes To The People

For many years the Premier of Alberta and members of his cabinet have invited the various governing bodies, organizations and associations in the province to appear before them to discuss the various problems which are sure to develop from time to time in this rapidly changing era.

To further develop this plan and to make it as easy as possible for the people to meet the cabinet, the Ministers have decided to hold a series of cabinet meetings at points away from the Capital. This committee, headed and organized by the Premier, has decided to make a committee of Cabinet Ministers right in the own constituencies or home towns.

Following this plan the people of the Vermilion constituency are invited to make a Cabinet committee of four members at the Court House in Vermilion on Tuesday, Oct. 6th. There will be allotted to the various delegations to lay before the cabinet committee problems that they are facing and require to be solved, as well as projects which could be undertaken for the good and welfare of the Province as a whole.

### Centennial Success Depends on Towns

Canada's small towns can do more to make Canada's centennial a success than can the major governments. Centennial Commissioner John Fisher told weekly newspaper editors last week.

In a meeting speech to the 40th annual convention of the Canadian Weekly Newspapers Association, Mr. Fisher called upon weekly editors to take an active part in the planning and execution of the centennial in their own communities.

"This is not just a Centennial for Ottawa and Toronto and Montreal," said Mr. Fisher, but a Centennial for all of Canada. "We have a unique opportunity to celebrate our birthday in a way which will make Canada a much more attractive place for Canadians and others alike."

Centennial projects need not be expensive, but they should be imaginative, he said.

"Many towns will build parks, things like police stations and fire halls as their centennial projects," he said. "But others will show more imagination and undertake projects which would be of more value to the community."

"Many things in our home towns offer themselves as centennial projects. We have the wit and the energy to make them so," he said. "We can achieve greatness in our communities if all of us work towards this goal."

### WILDFIRE DAMAGE

This year the Wildlife Damage Prevention Act has been amended to provide for the payment of compensation to landowners for damage done by wild fires. Compensation can be obtained for damage done by fire to crops, livestock, and other property. The amount of compensation is based on the value of the property lost.

### HOW TO OBTAIN IT

1. Obtain a Damage Claim Form from your nearest Alberta Agriculture Extension Agent. 2. Fill out the form and attach a statement of the damage done. 3. Submit the form to the nearest Wildlife Damage Prevention Office.

### FALL PLANTING

Fall is the best time to plant most of our most beautiful flowers. The soil is still warm, and the plants have time to get established before winter. Some of the best fall plants are: chrysanthemums, gladioli, and dahlias.

### 48 Years Ago Today

### "WHY?"

As we once again observe Fire Prevention Week, we are reminded that last year Canada ranked just behind the United States in the number of fires.

Why? Why? Why? There is a simple answer to this question. Why? Because the number of fires in Canada is the same as the number of people who live in Canada.

Three out of every four fires are the result of human carelessness. They should have been prevented, but because of carelessness they were not.

John Wiebe Dies in Edmonton

Well known old timer of Vermilion, John Wiebe passed away in Edmonton on October 3rd at the age of 72 years. "Jack" as he was familiarly known, had been an engineer at the White Pine Mill and then for several years superintendent of the commercial power plant at the Vermilion power plant. He was a member of the Vermilion and District Engineers' Association and was a past president of the same.

Surviving are his loving wife, Mrs. M. Wiebe, and three daughters, Mrs. M. Wiebe, Mrs. M. Wiebe, and Mrs. M. Wiebe. He was a member of the Vermilion and District Engineers' Association and was a past president of the same.

# WHY Fire Prevention Week?

By A. E. BRIDGES, Alberta Fire Commissioner

Why does fire destruction vary so much from one year to the next? A National Fire Protection Association survey of fire prevention work in Alberta, Canada, and the United States, shows that the average fire loss in 1963 was \$100,000,000, or 1.5¢ per dollar of property. This is a record low for the United States, and is a reflection of the fact that the fire loss in 1963 was the lowest in the history of the United States.

**REASON WHY TO BEAT THIS**

Why have we been so successful in 1963? The answer is simple. We have been successful because we have been successful in fire prevention. We have been successful because we have been successful in fire prevention.

**REASON WHY TO BEAT THIS**

# Train Home Young

Alberta Highway Minister Gordon Taylor believes that the classroom is the best place to train young drivers. It is the opinion that driving is not a natural talent, but that children should be prepared for it in school. The Financial Post says recently that those in favor of confining training to schools include insurance companies, safety groups, automobile clubs and provincial governments.

# SHARING - A World Responsibility

It is an established fact that the world's population of children is rapidly increasing, that more than 500 million youngsters go to bed hungry, are disease-ridden, can neither read nor write, have little future for peaceful existence. What is to be done? Who is to do it?

UNICEF (United Nations Children's Fund) has accepted a share of the world obligation. UNICEF is not a charity - it is a two-way street. Any local government wishing UNICEF assistance applies in writing to the International UNICEF body. Having surveyed the area needs, it requests aid in such specific areas as disease control, milk, promoting plants, mother and child clinics, school equipment. But for every dollar expended by UNICEF the local government provides \$2.50 in buildings, personnel and local products.

UNICEF respects the ability on the part of local governments. It is necessary that is limited by the economy of each developing country. But UNICEF is world-wide. It needs the financial assistance of intelligent world citizens. "Come donate in the UNICEF" Headquarters' means, collected by the youngsters on your street, make possible a future more equitable future for the world's children.

THE FLAG - As a symbol for news and editorial comment don't fail to send us today. Perhaps one of the wisest comments comes from a columnist in St. John's News-Tribune. Daily News, who says, "A flag cannot be used properly unless it can only become a symbol of that which it and when it actually exists."

## (But Plenty Warm)

Perennials do the job as comfortably. Knowles likes the *Arctostaphylos* and *Artemisia* but doesn't struggle with the hardy *Monarda* either. The reason? Perennials are planted in the ground, not in the pots that gardeners use to start them, where they should be, made snug, where they should be.

They keep a warm, constant body heat, so they are knitted of three materials: pure white, warm winds, soft, absorbent cottons, and corsets. Summer together, then, dress them separately.

Perennials are so comfortable, they can spend time in the sun, or in the shade, or in the rain.

**It's Fall Shopping Time in Vermilion!**

The Vermilion Standard is pleased to place before the people of north-eastern Alberta this special "Value Days" issue. It will be of benefit to everyone to survey this presentation carefully, as the largeness and shopping facilities are in themselves sufficient inducement to visit Vermilion. This issue contains a complete list of the stores and trade services available in Vermilion, you will find the convenience, courtesy and the desire to be helpful whenever you shop and wherever you go.

**Call Back Yesterday**

The following editorial first appeared in the October, 1963 issue of Industry, under the caption "Our Doubts":

Does the average Canadian care how well (or how badly) his or her country is governed? It is interesting to local government elections over the years in any Canadian town or city.

Hardly more than thirty percent of those eligible to vote in such elections usually do so, against fifty to sixty percent in provincial elections, and seventy to eighty percent in federal ones. And yet, as has so often been observed, the decisions of government that the municipality teaches us most closely.

Water, sewage disposal, garbage collection, street construction and repair, public buildings, parks, recreation areas as these are all vital to life as we know it. They may not be the first word in government, but we would be in a pretty poor state without them. Their provision is the business of municipal, or local government, and is therefore, our business.

Not should we forget that municipal business today is not only the business of the people of the town or village but also the business of the province and the nation. These local government services, And where else have the necessary money to finance this important work come from?

From the mayor, nurses, controllers and councilors who serve their communities have a heavy load. On their shoulders rests the responsibility to spend the tax dollars wisely.

**Mental Stress**

Mental stress can strike any family at any time. Great stress can be brought into the home by illness or accident, but the battle is far from won. Support the Canadian Mental Health Association in its efforts. As the late president of the United States, John F. Kennedy said, "The least we can do is to help the mentally ill."

### Co-operation Pays Off

Sparking at the Chamber of Commerce meeting last Wednesday, John Breen, chairman of the Retail Co-operative, touched a very real note when he stated that "Co-operation, as carried out in a town wide effort in Value Days, certainly pays off."

A poll of a cross section of the business men showed that business was up from 25% to 40% over a usual week-end.

It paid visitors to the Standard for a very fine advertisement week, resulting in the large flow of extra business from the fringe areas.

### Nation-Wide Drive For Road Safety

The strike of midnight, November 30, signals the opening of Canada's 10th nationwide campaign to reduce road damage. Safe Driving Week, 1964, will end at midnight, December 7.

The sponsors, the Canadian Highway Safety Council, will promote the belief that the average motorist is fully aware of the right to drive, but the perfection known, the safe way to walk in traffic, is to respect them, abated by all safety organizations in Canada, to recognize them, they should put that knowledge to work. John Alderton, of Toronto, the Council's general chairman, said, "If every motorist and pedestrian driver and walked as he knows he should, Canada's death toll in traffic would be drastically reduced."

Mr. Alderton issued an urgent plea to all motorists and pedestrians to observe motor laws, traffic and other of the road during "Safe Driving Week 1964." He also said for a week, and other available statistics and fatalities are reduced, they can do so every other week of the year. Mr. work for road safety "challenge motorists and pedestrians to prove it can be done."

### One Child Dies Each Month

Increased mechanization of the farm and the lack of understanding of the power of the machinery is creating many deaths. Farmers are urged to take extra precautions, proper use of equipment such as tractors on farms and highways because these machines do not require a driver's license, and a tractor is not a toy. It is estimated that for a week, and other available statistics and fatalities are reduced, they can do so every other week of the year. Mr. work for road safety "challenge motorists and pedestrians to prove it can be done."

## Track Registration For Winter Work Underway

Hon. Gordon E. Taylor, Minister of Highways, has announced that track registration for winter work will commence this Wednesday, Nov. 25, and that the necessary forms are available in the Highways Building, Edmonton, and in the offices of the District Engineers at Medicine Hat, Lethbridge, Calgary, Red Deer, Edmonton, Peace River, and Grande Prairie. Trackers interested in participating in this programme must register early, as registration will close on December 31st, 1964.

**SENIOR ARABAS**  
The programme this winter will be primarily for the senior citizens of the province, with a special emphasis on the need of maintaining in the course of the winter months.

As in previous years, registration forms must be received every day, in duplicate, and both copies must be turned in at the point of registration, or returned to the District Engineer at Edmonton. Trackers in the Edmonton area are urged to register early.

**Minor Hockey To Organize**  
The Edmonton Minor Hockey Association is planning to organize a minor hockey league for the winter season. The league will be open to all boys and girls under 14 years of age.

**Notary Entertains Farmer Guests**  
One of the highlights of the winter season is the annual party given by the Notary Public, Mr. J. H. Jones, to his farmer guests. The party is held at the Notary's home and is a most enjoyable occasion.

**Shoulder Steaks**  
Shoulder Steaks are a popular choice for many households. They are a good source of protein and are relatively inexpensive.

## THE VERMILION STANDARD

Vol. LVI. No. 25

\$8.00 a Year

Vermilion, Alberta, Thursday, December 24th, 1964.

24 PAGES

"Unto you is born this day in the city of David, a Saviour, which is Christ the Lord." To humble shepherds keeping watch over their flocks in starlit fields, the triumphant message of the herald angels burst forth in fullest glory. And for the Wise Men from afar, the brilliant light of a Star shone in the heavens, guiding them on their way. Then to the sacred manger, shepherds and Wise Men came, to worship and rejoice. Each year, as we hear the Christmas story and welcome anew the Christ Child in our hearts, we find a new meaning for life, a new hope for the future. For Christmas is not an ancient tale of bygone times. Christmas lives. Christmas is now. Christmas is ever wondrous, ever radiant with joy and promise. May all its blessings be yours.

### "O HOLY NIGHT" IN ART

THE "NATIVITY" was painted by Flemish artist Pieter Christus about 1460-50. From the Verdon collection.

### Early Paintings Tell Story Of Christmas ... And The Story of Changing Times

From earliest times, artists and their brushes have been telling the story of the Nativity, and the events surrounding it, a source of inspiration and a challenge to their talents. The Madonna and Child, the Holy Family, the Magi, the shepherds—these are the subjects that have engaged some of the world's most famous painters.

And, as students of both art and history know, such paintings not only picture a scene, they also tell something of the times in which they were painted. As the Middle Ages drew to a close and the Renaissance dawned, new light was spreading over the scene.

Mid-Renaissance artists were turning from theories of painting which depicted a stylized scene and ornate detail, liberally larded with gilt, to an approach which emphasized more realistic human figures and landscapes, as seen in paintings of humble shepherds. The "Nativity" could thus be seen as a reflection of the human condition and the human struggle for betterment in the background of the human condition.

In "Adoration of the Magi," a painting by Giovanni di Paolo which was in the National Gallery of Art in Washington, D.C., the scene is depicted in a humanistic style. The figures of the Magi are shown as men, not as mythical creatures. The landscape is realistic, with fields dotted with crops, crisscrossed with roads and hedged in with a fence. The scene is bathed in a soft, golden light, suggesting a peaceful and hopeful atmosphere.

Another "Adoration of the Magi" in the National Gallery is even more humanistic in its approach. It is a work by a Flemish artist, Pieter Christus, who lived in the 15th century. The scene is depicted in a realistic style, with the figures of the Magi shown as men, not as mythical creatures. The landscape is realistic, with fields dotted with crops, crisscrossed with roads and hedged in with a fence. The scene is bathed in a soft, golden light, suggesting a peaceful and hopeful atmosphere.

The landscape is realistic, with fields dotted with crops, crisscrossed with roads and hedged in with a fence. The scene is bathed in a soft, golden light, suggesting a peaceful and hopeful atmosphere.

To achieve greater realism, the Flemish artists of the 15th century began to use oil paint, which allowed them to create more detailed and lifelike figures. This was a significant development in the history of painting, as it allowed artists to create more realistic and emotionally powerful works. The "Nativity" and "Adoration of the Magi" are excellent examples of this new style, showing the human figures in a more realistic and relatable way.

**TENDERS FOR GENERAL CONTRACT FOR ERECTION AND COMPLETION OF A MAINTENANCE BUILDING**  
AGRICULTURAL & VOCATIONAL COLLEGE  
VERMILION, ALBERTA

Sealed tenders, addressed to the undersigned for erection and completion of Maintenance Building Agricultural and Vocational College, Vermilion, Alberta will be received until 1:00 o'clock p.m. Mountain Standard Time, Thursday, January 4, 1965.

Plans, specifications and tender forms may be had on application from the Architect, Mr. J. H. Hodgson, 1000-1010, Vermilion, Alberta. Tenders will be received only by registered contractors registered with the Province of Alberta on deposit of \$100.00 (\$200.00) before tender shall be returned. Plans and specifications are returned to this Department complete and in good order not later than 10:00 a.m. after closing date of tenders. Tenders, when opened, shall be forfeited. Plans and specifications have been deposited with the Building Engineer in Edmonton, Alberta.

Each specification shall be accompanied by a certified cheque or bid for ten (10%) per cent. of the tender which will be returned within six days after contract is awarded.

Tenders shall continue open to acceptance by the Minister in whole and irrevocable until the formal opening is held for the successful tenderer. Withdrawal of tender prior to opening of tenders shall render the tender deposit forfeited to the bid Minister in liquidated damages.

The successful bidder is required to give a certified cheque or properly assigned Government of Canada or Alberta Provincial Government Treasury Note for 10% per cent of the contract or a 100% Performance Bond.

The bond or any bond not necessarily accepted.

Tenders will be opened in public at 10:00 a.m. on Thursday, January 14, 1965, at the "A" Terrace Building, Edmonton, Alberta. Contractors not invited are hereby notified.

A. ARNOLD  
Deputy Minister of Public Works

## Landerville Lady Farewelled

A well known lady of the Landerville community, Mrs. Kathleen Polunichuk has retired and moved into Vegreville. A farewell party was held in her honor at the Landerville Community Hall where her friends gathered to enjoy an evening of merriment.

A purse of money was presented to Mrs. Polunichuk by Mrs. Horace Omondson with accompanying complimentary remarks. Mrs. Polunichuk thanked everyone sincerely and invited them all to visit her in her new home in Vegreville. A delicious lunch brought the evening to a close.

## OBITUARY

**MRS. BAVERE, NAPEENIER**  
Mrs. Rachel Napeenier of Manville passed away in the Manville Hospital on December 21st at the age of 73 years. She was born in Napeen, Sask., on Jan. 22, 1891, coming west in 1911 to the Vermilion district, later moving to Manville.

She was preceded by her husband, Joseph Napeenier, in 1940. Left to ensure her living are three sons, Dan and Lloyd of Manville and Joe of Vero, Alberta; four daughters, Mrs. Joe Jostell of Manville, Mrs. Onie Bauer of Manville, Mrs. Joe Treadwell of Grande Prairie, and four grandchildren.

Funeral services were held in the Manville Theatre on Dec. 21 at 2:00 o'clock in the afternoon, with Rev. Jack Pryor officiating. Interment took place in the Manville cemetery.

Dan's Funeral Home was in charge of arrangements.

The new terms of the Vermilion Agricultural and Vocational College begin Monday, Jan. 4th.
